PART I.

No. R 1816-27—L. R. 10-14-194, DATED 10TH AUGUST 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

REVENUE DEPARTMENT.

READ—

Statements showing progress in the working of the Village Improvement Scheme in the several districts during the quarter ending 31st March 1915, received from the Deputy Commissioners in accordance with Government Order No. R. 6911-19—L. R. 10-14-93, dated the 10th February 1915.

Order No. R. 1816-27—L. R. 10-14-194, dated 10th August 1915.

A consolidated statement showing the progress made in the village improvement work during the quarter ending the 31st March 1915 is appended.

2. The statements were not received in due time from any of the Deputy Commissioners, except that of the Shimoga District. The statement received from the Hassan District was incomplete in spite of the long delay in its submission. Government hope that the Deputy Commissioners will take steps in future for the submission of the return to Government within the due date and in a complete form.

3. *Formation of Village Committees.*—As compared with the previous quarter, there has been a slight increase by 285 in the number of Village Committees in the Bangalore, Kolar, Shimoga and Chitaldrug Districts during the quarter under report. In the Chitaldrug District, however, very little progress is shown in the Hosdurga Taluk in the formation of Village Committees. In the Tumkur, Mysore and Hassan Districts the number has decreased by 584 and no reason has been assigned by the Deputy Commissioners for such a large decrease. The total number of Committees that were working during the quarter in all the districts was 7,472 serving a population of about 4 millions, in 12,686 villages or about 60 per cent of the total number of villages in the State.

4. To enable Government to understand the progress made in the formation of Committees, the Deputy Commissioners are requested to note in the 'Remarks' column of the statement the number of villages in each taluk for which Committees have yet to be formed.

5. *Essential Duties under the Scheme.*—There has been a slight increase in all the districts, except Bangalore, Hassan and Kadur, in the number of Village Committees that attended, during the quarter, to the three essential duties under the scheme, *viz.*, carrying out village improvement works by joint labour every week, subscribing for newspapers and holding weekly meetings for instruction and recreation; but it was only in the Chitaldrug District that the number of Committees that attended to all the three essential duties approached or exceeded one-half the total number.

6. *Special Works for Village Improvement.*—The number of Committees that were carrying out village improvement works with the aid of Government grants was only 704 in all the districts. The Deputy Commissioner, Hassan District, has not furnished any details in this respect in his statement. The total cost of the works undertaken in the other districts amounted to Rs. 1,64,803 of which Rs. 74,628 was sanctioned as Government grant. The amount actually spent on the works during the quarter was Rs. 30,931

No. R. 1816-27—L. R. 10-14-194, DATED 10TH AUGUST 1915.

7. In future, the Deputy Commissioners are requested to devote a paragraph in their forwarding letters, discussing the proportion of villages and population which have come under the operation of the scheme and the reasons why in the remaining villages they have not been able to constitute committees.

8. It is hoped that all the Revenue Officers concerned are taking a personal interest in the improvement of villages and they will impress upon Village Committees the advantage of fully availing themselves of the facilities afforded by Government.

V. R. THYAGARAJA IYER,

Revised Form for Quarterly Tour Statements.

No. R. 1710-9—L. R. 42-14-18, DATED 7TH AUGUST 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ AGAIN—

The marginally (*) noted Government Orders regarding the preparation and submiss of quarterly statements showing itineration done by Deputy Commissioners of Districts.

(*) Government Order No 8813 Cir 57, dated 26th May 1892
Do No 1518 52—R 1769, dated 8th November 1895
Do No 1719 26—R 1 28, dated 15th November 1895
Do No 6806-13—R 244, dated 23rd December 1895.
Do No. 120.7-105—R 1142 dated 2 Th June 1898.
Do No R. 5505 15—L R 55-04-16, dated 6th Nov 1905.

Order No. R. 1710-9—L. R. 42-14-18, dated 7th August 1915.

Quarterly statements of itineration were prescribed with the object of ascertaining the extent and value of the inspection work of touring officers, which must be considered an index of the first-hand knowledge secured by them regarding the places and the people under their jurisdiction. It is obvious that a mere enumeration of the villages visited and days camped out is altogether inadequate for the purpose; and Government have for some time past had under consideration the necessity for revising the form of statement so as to make it furnish data from which some conception of the administrative value of the itineration reported might be formed.

2. They are accordingly pleased to direct that the quarterly statements be submitted in future in the revised form annexed hereto, and in conformity with the following revised rules which supersede all previous rules and orders on the subject:—

(i) The minimum period to be spent by the Deputy Commissioners on touring is 120 days for the whole year.

(ii) The period during which each officer held charge of the district should be given in the abstract annexed to the statement, except when one officer was in charge during the entire quarter.

(iii) The amount of travelling done by each of several officers who may have successively been in charge of the district during the quarter, whether such officers are in the district or not at the time of the submission of the statement, should be shown with a total for each officer and a grand total for all of them. The previous touring of officers in other districts for any portion of the quarter should not be exhibited as it will be shown in the statements for those districts.

(iv) Halts at sanitaria or other favourite localities should be shown in a foot-note and the time so spent should not be taken credit for as having been spent on tour, except where an officer for any special reason urged by him is allowed by Government to reckon such a halt as part of his tour.

(v) Journeys within a radius of five miles from head-quarters for which no travelling allowance is drawn, should not be taken into account in calculating the number of days spent in touring.

(vi) The Deputy Commissioners should submit their quarterly tour statements to the Revenue Commissioner in the form appended on or before the 20th of the month following the quarter to which they relate.

No. R. 1710-9—L. R. 42-14-18, DATED 7TH AUGUST 1915.

(vii) The Revenue Commissioner should submit the statements to Government with his review on or before the 5th of the second month following the quarter to which they relate.

3. The Superintendent of the Government Press is requested to print and supply 50 copies of the appended form to each of the Deputy Commissioners.

Read—

Letter No. 15784, dated the 14th June 1915, from the Revenue Commissioner in Mysore, submitting for approval a list of 26 persons of the Bangalore District to whom certificates may be awarded for good work done by them in connection with the Village Improvement Scheme during the year 1914-15, in accordance with the Government Order No. R. 5443-52—L. R. 10-14-68, dated the 21st December 1914.

Order No. R. 2039-49—L. R. 10-14-196, dated 17th August 1915.

Government are pleased to approve of the grant of certificates to the undermentioned gentlemen by the Deputy Commissioner:—

Serial No.	Serial number in the Deputy Commissioner's list	Name of gentlemen
1	1	Mr. Chikbandeppa, Yeswantpur, Bangalore Taluk.
2	2	Mr. Pattadi Munappa, Nagavara, Bangalore Taluk.
3	4	Mr. Sankarappa, Chikbalavangala, Dodballapur Taluk.
4	5	Mr. Hanumanthia, Marasandra, Dodballapur Taluk.
5	9	Mr. Betta Sanne Gowda, Yellapura, Magadi Taluk.
6	10	Mr. Doddahonnappa, Mutsugara, Magadi Taluk.
7	15	Mr. Puttiah, Hinnaki, Anekal Taluk.
8	22	Mr. Appajappa, Attibele, Anekal Taluk.
9	23	Mr. Daleppa, Mayasandra, Anekal Taluk.
10	24	Mr. Adaviappa, Attibele, Anekal Taluk.
11	25	Mr. Rama Dasanna, Attibele, Anekal Taluk.

2. The Deputy Commissioner is requested to convey the appreciation of Government to the other gentlemen for the interest taken by them in promoting the working of the scheme.

3. Government are glad to note that a large number of non-official gentlemen in the Anekal Taluk have actively interested themselves in village improvement work.

ACCOMPANIMENT.

PROCEEDINGS OF THE FIRST HALF-YEARLY CONFERENCE OF VILLAGE IMPROVEMENT COMMITTEES IN THE TURUVEKERE SUB-TALUK.

A Conference of the delegates from the Village Improvement Committees of the Turuvekere Sub-Taluk was for the first time, held in the Local Anglo-Vernacular School hall, on the 17th June 1915, at 3 P. M.

2. One hundred and fifty delegates representing 49 Committees out of 75 Committees formed in the sub-taluk attended the Conference.

3. Mr. K. R. Srinivasiengar, M. A., Deputy Commissioner of the District, presided over the deliberations of the Conference.

4. The following officers were also present.

(1) Mr. H. V. Ramaswami, M.A., B.L., Sub-Division Officer, Gubbi.

(2) „ B. D. Raghavendra Rao, L.M.S., District Medical and Sanitary Officer.

(3) „ M. S. Ramachandra Rao, B.A., District Superintendent, A. E. and I.

(4) „ A. Hayes, District Superintendent of Police.

(5) „ B. Krishna Rao, acting Agricultural Inspector.

5. The President opened the Conference with a short speech explaining the object and scope of the Village Improvement Scheme.

6. Mr. S. Sitharamiah, B.A., the Deputy Amildar, then read a report about the progress of the scheme in the sub-taluk during the years 1913-14 and 1914-15. The report mentioned that up to the end of May 1915, 75 Committees were formed for single and groups of villages, the number of villages being 153 in all and that every village being attached to one Committee or other. During the year 1913-14 the raiyats contributed Rs. 780 in cash and Rs. 200 by labour for Village Improvement works and received from Government Rs. 950 as grant-in-aid.

7. During the year 1914-15 the raiyats' contribution amounted to Rs. 1,011-8-0, of which Rs. 884-8-0 was in cash and Rs. 127 was by labour, while grant-in-aid sanctioned by Government was Rs. 973-4-0 Out of 75 Village Improvement Committees 25 hold weekly reading meetings and also perform the essential duties mentioned in para 20 of Dewan's D. O. No. 2432-9, dated 27th November 1914. There were 7 Government Village Elementary Schools in existence in the sub-taluk and 19 grant-in-aid schools have been newly opened during the current year. On the whole the report read was interesting and showed that both official and non-official classes, including the village population, were taking keen interest in making this scheme of Government a success and the report itself was a record of continued progress in the working of the scheme eversince its introduction.

8. Mr. Kesavachar, Assistant Master of the Local Anglo-Vernacular School, read a paper in Kannada on "Education in rural areas." He emphasised on the necessity of introducing compulsory education in all the taluks and also introduction of kindergarten methods of teaching in all schools.

9. Mr. V. Ramachendra Rao, another delegate, read an exceedingly informing and interesting paper on "A plea for agricultural education." He compared and contrasted the agricultural condition of this country with that of the western countries, laid much stress upon the inportant of giving scientific training in agriculture to the people of this country and also advised those that attended the Conference to send their promising boys to undergo training in the Agricultural School at Hebbal.

10. Mr. V. Naranappa, the Secretary of Co-operative Society at Turuvekere, spoke on the selection of seed, on the use of green manure, on the advantages of using improved iron ploughs and on the advantages of introducing rotation of crops. In doing so he largely drew upon his own personal experiences.

11. Mr. B. D. Raghavendra Rao, District Medical and Sanitary Officer, delivered an address on "The prevention of disease in rural areas." In the course of the address he said that Malaria, Plague and Cholera could be prevented by keeping the surroundings of dwelling houses clean, by not allowing stagnant water to remain in ditches and hollows, as these form the breeding places of mosquitoes and fleas, etc. He advised the people each to attend to the cleanliness of his own surroundings and said that individual effort in such matters would in due course lead to collective effort and benefit.

12. The Chairman of Village Improvement Committees of Goni, Tumkur, Gadevu, Hallada Hosahalli Devanayakanahalli, Bigenanahalli Doddasettigere and Kadabagere then read reports on the working of the scheme in their respective villages. From these reports

it was seen that in all these villages particular attention was being paid to the village sanitation work. In addition many of the villagers had constructed school buildings and drinking water wells, repaired village roads "gokattes" and temples at their own cost supplemented by Government grant. In all of these villages also, the people had arranged for getting one or more news papers and were regularly holding weekly reading meetings for the benefit of the illiterate section of the community.

13. After this several subjects relating to the village improvement were taken up for discussion.

14. Mr. Puttaiya, a delegate and patel of Jadevu proposed that some legislation should be passed for compelling every adult male member of the village community to come to work for one-half day in the week. The other delegates present supported this proposition. The President explained the inadvisability of resorting to compulsion in such matters. In this connection it was pleasing to hear the experience of patel Mudde Gowda of Doddasettigere who said that he had succeeded in making the people of his village come to work every week by simple persuasion. The President complimented the patel upon his tact and commended this instance to the other delegates present at the meeting.

15. Mr. Mudde Gowda, a delegate from Settikere, proposed that Village Improvement Funds should be formed by collecting voluntary donations from the people. The President explained the way in which such a fund could be formed and referred to the Government order recently issued about the custody and use of such funds.

16. Many of the delegates present urged the necessity for providing early for extension of villages, as most of the villages, as they existed now, had outgrown their present limits. It was pointed out that this was one of the items of work to which Village Improvement Committees could give particular attention and that all proposals emanating from them would receive early and favourable attention, of the authorities.

17. Mr. Veerasetty, another delegate, proposed that honge trees might be permitted to be planted on Government waste lands so that the leaves could be cut and removed by the people for being used as green manure. The President while agreeing with the general sense of the meeting that facilities for sufficient manure should be created pointed out that if the Village Forest Scheme recently sanctioned by Government were brought into force in each village much advantage could be gained by the people both as regards manure and fuel supply.

18. A few individual representations were then made to the President to which suitable replies were given and the discussions were then brought to a close.

19. In winding up the proceedings of the evening the President made a lengthy speech explaining that in whatever direction we might attempt at progress it must begin with the village and that is just why Government have taken the village as a unit and promulgated the village improvement and similar schemes.

20. He compared and contrasted the economic conditions here with those in the west and referred to the factors that had brought about the prosperity in the latter. He then said that the Economic Conference movement was inaugurated to enquire into the present conditions of economic lethargy and to stimulate the people to take an increasingly active part in the bettering of their own condition. The village improvement and other similar schemes were aids to this larger movement and were particularly meant for the development of rural areas where nineteenths of the people are engaged in agriculture and are entirely dependent upon it and where the condition of such agriculturists is in dire need of improvement.

21. He said that no one could deny that our villages and village life were in need of considerable improvement. Improvement was necessary in all the three directions of agriculture, education and industries.

22. In agriculture, there was scope to replace the old traditionary and inefficient methods by improved ones.

23. In education, it was imperatively necessary to reduce the number of illiterates and give the people the rudiments of learning and create in them a thirst for knowledge.

24. In industries, there was considerable scope to revive and develop our cottage industries which would give additional employment to the people and constitute a source of increased income.

25. Education should engage our first attention. It was necessary to educate not only our boys but also the adults. The latter was a kind of work which the villagers could conveniently and usefully undertake to do by organizing village reading rooms, weekly reading meetings, etc.

No. 2078—L. R. 15-15-21, DATED 18TH AUGUST 1915.

26. The President then said that what was essential to progress in a village community was a sense of union and solidarity of feeling among the people. Disunion and discord have already worked sufficient mischief in the past and are bound, if continued, to render their position still worse.

27. It was to create this feeling of union and solidarity that Government have introduced this scheme for village improvement and have entrusted the Committees with certain powers to begin with. The Committees are expected to earn the confidence of the people, to take the lead in all progressive matters, and enlighten the ignorant brethren and put them in way. Whether it was in regard to the sanitation of the village or educating the children or in preventing or stamping out disease, the Committee members could do an immense amount of useful work if they, as being the elders of the village, took the lead.

28. The President, in conclusion, said that he was pleased to find that the Village Committees in the sub-taluk had done good work in the past under the wise guidance of the Deputy Amildar and hoped that they would continue to work with the same enthusiasm so as to serve as examples to other Committees in other parts of the district.

29. The Head Master of the Anglo-Vernacular School then proposed a vote of thanks to the Deputy Commissioner for having responded to their invitation to preside on the occasion and for the instructive address which he delivered. He exhorted the delegates present to ponder over the words placed before them by the President and try to translate into practice, in however small a degree, the many valuable suggestions contained in them.

30. Cheers were then called for Their Highnessess the Maharaja and Yuvaraja and then the Conference terminated.

No. R. 2318-28—L. R. 666-14-3, DATED 27TH AUGUST 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 15432, dated the 9th June 1915, from the Revenue Commissioner in Mysore, forwarding a copy of his office Memorandum No. 15275-82, dated the 5th June 1915, reviewing and consolidating the budget estimates of receipts and disbursements under the Irrigation Cess Fund received from the several districts for the year 1915-16.

(Printed as accompaniment No. I.)

2. Correspondence ending with letter No. 6516, dated the 30th June 1915, from the Chief Engineer of Mysore forwarding for orders the detailed budget estimates of the several districts under the "Irrigation Cess Fund" for the year 1915-16, together with a note thereon.

(Printed as accompaniment No II.)

Order No. R. 2318-28—L. R. 666-14-3, dated 27th August 1915.

The budget estimates have been submitted a month too late.

2. The budget estimates of Kolar, Hassan, Kadur and Chitaldrug Districts are supported by the resolutions of the District Boards concerned, while no such resolutions have been sent up for the other districts. In future the resolutions of the District Boards should invariably accompany the budget estimates.

3. Receipts :—

The following discrepancies are noticed :—

(1) The total receipts for the Bangalore District are Rs. 27,454 and not Rs. 27,434 as mentioned in the Revenue Commissioner's letter.

(2) The Revenue Commissioner puts down the total receipts for the Mysore District at Rs. 45,294 but the Deputy Commissioner, Mysore District, has estimated the same at Rs. 46,471-12-5.

(3) The receipts for the Shimoga District amount to Rs. 57,290 including the lumpsum assignment of Rs. 339 for the Channagiri Taluk which seems to have been omitted in the calculations.

(4) Those for the Kadur District are Rs. 18,890 and not Rs. 14,167 which represents only 75 per cent thereof.

With these corrections the estimated receipts for the several districts are as noted below :—

		Rs.	a.	p.
Bangalore	...	27,454	0	0
Kolar	...	39,282	0	0
Tumkur	...	39,603	0	0
Mysore	...	46,471	12	5
Hassan	...	29,415	0	0
Shimoga	...	57,290	0	0
Kadur	...	18,890	0	0
Chitaldrug	...	14,110	0	0
Total	...	2,72,515	12	5

No. R. 2318-28—L. R. 666 14-3, dated 27th August 1915.

Compared with the figures for the preceding year, the receipts for the Shimoga, Mysore, Hassan and Kadur Districts show an increase of Rs. 6,988, 1,177-12-5, 69 and 41 respectively, while those for the Chitaldrug, Kolar and Tumkur Districts, a decrease of Rs. 523, 195 and 120 respectively.

4. The Revenue Commissioner is of opinion that the probable receipts may be taken at Rs. 2,62,000 the same as in the last year, but has assigned no reason for the reduction. The estimates are therefore accepted without any modification. The opening balance to the credit of the fund on the 1st July 1915 as estimated by the Comptroller, is stated to be Rs. 2,52,011 and therefore the probable total assets for the year 1915-16 stand at Rs. 5,24,000 in round numbers against Rs. 4,67,000 for 1914-15.

5. *Expenditure.*—A provision of Rs. 3,000 included in the budget of the Shimoga District for expenditure under "Tools and Plant" should be omitted as per Rule 6 of the revised rules sanctioned in Government Order No. R. 2157-68—L. R. 630-13-4, dated the 12th September 1914 for regulating the expenditure under the Irrigation Cess Fund.

6. The Chief Engineer states that—

(1) such a large sum as Rs. 18,392 provided for unforeseen works in the Mysore District is unnecessary;

(2) that a sum of Rs. 12,000 out of it may be made available for the annual maintenance of the Marikanve channels for which no provision has been made in the budget of the Chitaldrug District;

(3) that for incomplete works in the Bangalore and Chitaldrug Districts which have not been provided for, the last year's figures, *viz.*, Rs. 7,183, and 3,700 may be repeated; and

(4) that a provision of Rs. 1,400 made under "original works" in the Bangalore District may be transferred to the head "Incomplete Works."

7. He also suggests that the provision made for Tumkur, Hassan and Kadur Districts may be rounded off by adding the sums necessary for the purpose and that a total expenditure of Rs. 2,50,000 may be sanctioned against Rs. 2,37,758 proposed by the Revenue Commissioner. His suggestions are accepted with the modifications specified in para 5 above.

8. With the above modifications, the grants proposed for the several districts amount to Rs. 2,47,000 as against Rs. 2,04,386-13-4 being the 75 per cent of the total estimated receipts available for expenditure under Rule 2 of the rules laid down in the Government Order dated 12th September 1914. The excess expenditure of Rs. 83,103-6-8 over and above the prescribed limit, not being on account of any work of an exceptional nature, should be met out of the opening balance of Rs. 2,52,011 as a special case. The Chief Engineer states that it requires some appreciable time to state with any definiteness what percentage of the cost of the maintenance of the river channels in the Hassan and Mysore Districts may be charged to the State Funds in accordance with paragraph 2 of the Government Order aforementioned, and this question is therefore reserved for separate orders.

District	Details for excess expenditure		
	Proposed expenditure	75 per cent of the receipts	Expenditure in excess of the 75 per cent limit
	Rs.	Rs. a. p.	Rs. a. p.
Bangalore	22,000	20,590 8 0	1,409 8 0
Kolar	15,000	29,461 8 0	.....
Tumkur	51,000	29,702 4 0	23,297 12 0
Mysore	78,000	34,853 13 4	43,146 2 8
Hassan	22,000	22,061 4 0	.....
Shimoga	17,000	42,967 8 0	.....
Kadur	15,000	14,167 8 0	832 8 0
Chitaldrug	13,000	10,582 8 0	2,417 8 0
Marikanve channels ...	12,000	..	12,000 0 0
Total ..	2,47,000	2,04,386 13 4	83,103 6 8

9. The budget estimates are sanctioned as shown below:—

The opening balance for the whole State as it stood on 1st July 1915, is Rs. 2,52,011.

No. R. 2318-28—L. R. 666-14-3, DATED 27TH AUGUST 1915.

The receipts and expenditure for the current year will be as indicated below :—

District	Receipts for 1915-16	75 per cent of the receipts	Proposed expenditure for 1915-16	Excess expenditure above 75 per cent of the receipts	Closing balance for the District in respect of the ordinary fund	25 per cent General Fund
	Rs. a. p.	Rs. a. p.	Rs.	Rs. a. p.	Rs. a. p.	Rs. a. p.
Bagalore	27,464 0 0	20,598 8 0	22,000	1,409 8 0	....	6,865 8 0
Kolar	39,282 0 0	29,461 8 0	15,000	....	14,461 8 0	9,820 8 0
Tumkur	39,603 0 0	29,702 4 0	58,000	28,297 12 0	....	9,900 12 0
Mysore	46,471 12 5	34,853 13 4	78,000	43,146 2 8	....	11,617 15 1
Hassan	29,415 0 0	22,061 4 0	22,000	....	61 4 0	7,353 12 0
Shimoga	57,290 0 0	42,967 8 0	17,000	....	25,967 8 0	14,322 8 0
Kadur	18,890 0 0	14,167 8 0	15,000	832 8 0	....	4,722 8 0
Chitaldrug	14,110 0 0	10,582 8 0	13,000	2,417 8 0	....	3,527 8 0
Marikanve channels ...	.....	.....	12,000	12,000 0 0	....	
Total ...	2,72,515 12 5	2,04,396 13 4	2,47,000	83,103 6 8	40,490 4 0	68,128 15 1

There will thus be a balance of Rs. 1,68,907-9-4 on the old account and of Rs. 68,128-15-1 on the new general account.

The budget estimates have not been prepared strictly in accordance with the instructions laid down in paragraph 1 of Government Order No. R. 2157-68—L. R. 630-13-4, dated 12th September 1914. Government direct that they should be adhered to in the preparation of the future budgets, the district being taken as the Unit.

ACCOMPANIMENT I

Letter No. 15432-1, dated 9th June 1915, from the Revenue Commissioner in Mysore.

I have the honor to foward herewith a copy of this Office Memorandum No 15275-82, dated 5th June 1915, reviewing and consolidating the budget estimates of receipts and disbursements for the year 1915-16 under the Irrigation Cess Fund received from the several districts. A copy of the consolidated estimate has been forwarded as usual to the Chief Engineer of Mysore. On receipt of his reply, the alterations proposed by him, if any, in the estimate of expenditure will be communicated to you.

No. 15275-82, Office of the Revenue Commissioner in Mysore, dated Bangalore, the 5th June, 1915.

OFFICIAL MEMORANDUM.

Subject—

The marginally noted communications from the several Deputy Commissioners and Presidents of District Boards submitting the budget estimates of receipts and expenditure under the Irrigation Cess Fund for the year 1915-16.

1. Letter No R. 836, dated 27th March 1915, from the Deputy Commissioner, Bangalore District.
2. Letter No. 1402, dated 8th March 1915, from the Deputy Commissioner, Kolar District
3. Docket No. 529—R C, dated 20th April 1915, from the Deputy Commissioner, Tumkur District
4. Letter No. 1238, dated 6th May 1915, from the Deputy Commissioner, Mysore District
5. Letter No. 491, dated 1st March 1915, from the Deputy Commissioner, Hassan District
6. Letter No. 800, dated 16th April 1915, from the Deputy Commissioner, Shimoga District.
7. Letter No. 498, dated 8th March 1915, from the Deputy Commissioner, Kadur District
8. Docket No. R. C. 465, dated 17th February 1915, from the Deputy Commissioner, Chitaldrug District

I. Receipts.—The estimated receipts for the several districts are as follow:—

		Rs.
Bangalore	...	27,434
Kolar	...	39,282
Tumkur	...	39,600
Mysore	...	45,294
Hassan	...	29,415
Shimoga	...	56,951
Kadur	...	14,167
Chitaldrug	...	14,110
Total		... 2,66,253

The probable receipts for the year may be taken as Rs. 2,62,000, as was done last year. Including the opening balance of Rs. 2,52,011 as per Comptroller's estimate, the probable assets of the Fund on 1st July 1915 will be Rs. 5,14,011. If 25 per cent of this amount is reserved for the General Fund in accordance with the rules sanctioned in Government Order No. R. 2157-68—L. R. 630-13-4, dated 12th September 1914, and the balance distributed among the several districts in the ratio of their individual annual receipts to the total annual receipts, the probable funds that may be available for expenditure during the ensuing year in each district would be as follows:—

		Rs.
Bangalore	...	39,538
Kolar	...	56,627
Tumkur	...	57,089
Mysore	...	66,990
Hassan	...	42,404
Shimoga	...	82,097
Kadur	...	20,424
Chitaldrug	...	20,339
Total		... 3,85,508

No. R. 2318-28—L. R. 666-14-3, dated 27th August 1915.

II. Expenditure.—The estimates received from the Presidents of District Boards for expenditure in the several districts are as shown below:—

District	Incomplete works	Fresh works		Reserve lump sum provision for unforeseen works	Total
		Tanks	River channels		
Bangalore	Not furnished	14,817	... ..	. . . .	14,817
Kolar	4,800	10,200	... .	. .	15,000
Tumkur	5,800	46,851	.	....	52,651
Mysore	9,067	10,000	52,541	18,392	90,000
Hassan	2,000	3,000	16,823	..	21,823
Shimoga	5,000	15,000	.....	. . . .	20,000
Kadur	4,350	9,867	. . .	. ..	14,167
Chitaldrug	Not furnished	9,800	. . .	.	9,800
Total ...	30,967	1,19,035	69,364	18,392	2,37,758

The estimates received from the districts can only be very rough forecasts of the requirements. The fresh works enumerated in the estimates are all unsanctioned works. The amounts that may be required for incomplete works in the Bangalore and Chitaldrug Districts have not been stated and the amounts said to be required in the other districts for the same purpose are also not based on details. As the estimates are however well within the limits of the funds available for each district, they may be adopted for the present.

The estimates do not indicate that there is likely to be any occasion for drawing upon the general fund. A total grant of Rs. 2,37,758 out of the funds of the several districts seems to be sufficient for the ensuing year.

ACCOMPANIMENT II.

Letter No. 6516, dated the 30th June 1915, from the Chief Engineer of Mysore, Bangalore.

In continuation of this office No. 5894 of the 14th instant, I have the honor to forward herewith for orders the detailed budget estimates of the several districts under "Irrigation Cess Fund" for the year 1915-16 together with a copy of an office note thereon.

OFFICE NOTE ON IRRIGATION CESS FUND BUDGET ESTIMATES FOR 1915-16.

Reference.—Revenue Commissioner's Official Memorandum No. 15275-82, dated the 5th June 1915, reviewing and consolidating the budget estimates for the year 1915-16.

The Revenue Commissioner has proposed to allot a sum of Rs. 2,37,758 for expenditure under this head during the year 1915-16. The slight variations noticeable in the figures given in the review and those suggested in the note are explained hereunder:—

Bangalore District.—The grant required for incomplete works has not been given. It may be put down at Rs. 7,183, the same as for 1914-15.

From the nomenclature of the works given, the following two works appear to be of the nature of original works and may be omitted and the sum of Rs. 1,400 provided for them may be added on to the incomplete works so that the grant for such works may stand at Rs. 8,583.

	Rs.
(*a*) Constructing waste weir of Dodaraligere tank	400
(*b*) Constructing a tunnel below the bund of Makanhalli tank for the passage of sluice water to the wet lands over the waste weir ...	1,000
	1,400

Kolar.—No remarks.

Tumkur.—A sum of Rs. 349 has been added to the grant for fresh works to round off the figures.

Mysore.—A sum of Rs. 18,392 is provided for unforeseen works. Such a large amount not being necessary, the grant may be reduced by Rs. 12,000 and the same made available for the annual maintenance of the Marikanave channels for which there is no provision in the budget.

Hassan.—A sum of Rs. 177 is added to the grant for fresh works to round off the figures.

Shimoga.—No remarks.

No. R. 2318-28--L. R. 666-14-3, DATED 27TH AUGUST 1915.

Kadur.—A sum of Rs. 833 is added to round off the figures.

Chitaldrug.—The grant required for incomplete works has not been given. It may be fixed at Rs. 3,700.

The grant for 1915-16 may be fixed at Rs. 2,50,000 as shown below:—

District	Incomplete works	Fresh works	River channels	Total
	Rs.	Rs.	Rs.	Rs.
Bangalore	8,583	13,417	... ..	22,000
Kolar	4,800	10,200	.....	15,000
Tumkur	5,800	47,200	.....	53,000

No. R. 1538-85—Agri. 81-14-3, dated 3rd August 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

REVENUE DEPARTMENT.

Read—

Government Proceedings No. R. 403-444—Agri. 20-09-7, dated 23rd July 1910, issuing instructions regarding the third quinquennial census of agricultural stock in the Mysore State.

2. Correspondence ending with letter No. 14814, dated the 28th May 1915, from the Revenue Commissioner in Mysore, suggesting that the procedure followed in 1899 and 1904, might again be adopted and inam villages might also be brought within the scope of the next census.

Order No. R. 1538-85—Agri. 81-14-3, dated 3rd August 1915.

In accordance with the scheme formulated in Government Proceedings No. 7601-615—R. F. 46-97-8, dated the 24th April 1899, Government are pleased to direct that the fourth quinquennial census of agricultural stock in Mysore be taken on a date not later than the end of January 1916, to be fixed by the Revenue Commissioner in Mysore. It should be held both in Government and inam villages.

2. The following instructions are issued for the information and guidance of the Deputy Commissioners:—

(i) The most favourable time for enumeration would be when people and stock are most likely to be in the villages to which they belong. Market days and days of fairs and festivals at which people would be absent in large numbers from their homes should be avoided. The precise days selected should be locally notified to enable people to arrange to remain with their stock in their respective places as much as possible.

(ii) The enumeration should be as nearly as possible simultaneous in all villages and towns. The larger the number of enumerators employed, the more this would be possible.

(iii) The enumerators employed should of course be literate, intelligent and otherwise fit for the work required of them. With a view to minimising the cost and inconvenience of entertaining temporary hands, they should consist, as far as possible, of the village and taluk officials belonging to the General, Revenue, Excise, Police, Educational and Municipal Departments. Officials of superior establishments may be utilised for large towns like the headquarters of districts. Heads of Departments and Offices concerned are requested to be good enough to place their resources in this respect to the utmost possible extent at the disposal of Deputy Commissioners to whom they are further requested to be good enough to communicate as soon as convenient the extent of the help they can thus render.

(iv) An enumerator's block should consist ordinarily of one or more villages (the word village here and in similar connections denoting the area constituted as such by the Revenue Survey). Where necessary, as in the case of towns and large villages, smaller areas may be similarly constituted.

(v) Each enumerator should be supplied with an extract of the first seven columns of the latest Khaneshumari account of the village, showing general number, khate number, name, caste and profession of the head member of house and description and number of ankanams of each house. With the aid of this extract he

should thoroughly acquaint himself with his block in ample time before that fixed for the enumeration. It is presumed that the extract will furnish an exhaustive list of all tenements which will have to be visited at the enumeration, whether belonging to pattadars, inamdars or others, residing within Sirkar and inam village limits. Errors and omissions, however, should be carefully looked for and corrected by the enumerator in the course of this preliminary survey of his block.

(vi) Each enumerator should also be supplied with a sufficient number of schedule sheets in which to make entries at enumeration. A separate village or separate portion of a town or village comprised in a block should have a separate schedule for itself. This will facilitate the re-arrangement of schedules according to villages after enumeration, which is prescribed hereafter in the course of these instructions.

(vii) These schedules should be made up of sheets of paper printed with the form prescribed for the Village Khaneshumari account with spaces provided for the names and number of the block, name of village to which the schedule b longs, name of enumerator, etc.

(viii) The Superintendent of the Government Press will arrange for the issue of printed forms of these schedules and of the extracts mentioned in para (vi) above on indents of Deputy Commissioners, a type form for each being adopted in communication with the Revenue Commissioner in Mysore.

(ix) On the day fixed for enumeration, the enumerator attended by the patel and a few of the principal inhabitants of his block should visit every tenement according to the list mentioned above in para (vi), and, schedule in hand, proceed to enter therein on the spot with neatness and precision the particulars relating to that tenement after adequate enquiry of the head member thereof. The work should be done between sun-rise and sun-set. As the information required is entirely statistical, there will as a rule be no disinclination to furnish full and correct information nor temptation to furnish incorrect information; and in any case, there will be no difficulty which cannot be overcome provided enumerators deport themselves with common civility and sense The necessity and importance of such deportment should be impressed upon all of them.

(x) An enumerator should enter the figures relating to persons and stock habitually occupying the premises visited. Those temporarily absent should not be omitted nor need such as are but casually present be reckoned as appertaining to the premises in question. In this way, while it will be necessary for an enumerator to visit all pens and folds outside the "gavtan," it will not be necessary to count carts and bullocks in transit, on public roads, etc.

(xi) Herds of cattle belonging to cattle-breeders which may be in kavals, difficult of access need not be counted in the kavals themselves; it will be sufficient to ascertain their statistics from the respective owners and to enter the same opposite to their names with a remark to that effect in the schedule. In the case of persons like coffee planters who live or have their stock on their estates in the Malnad, schedule sheets may be previously sent to them to be filled in by them on the day fixed for the enumeration and returned to the enumerator personally or by a kulavadi or other messenger, whom the Amildar should arrange to send for the purpose that day.

(xii) Statistics relating to the Amrut Mahal cattle, the Palace cattle, and the animals at the Kunigal Stud Farm should be similarly ascertained from the Departmental officers by the Amildar and added up to the taluk totals.

(xiii) When the details for all the houses in an enumerator's block are thus fully written up, the schedules should be signed by the enumerator and the patel and attested also by the local residents who may have helped them. The schedules should then be handed over with a list to supervisors appointed to receive them.

(xiv) These supervisors shall be apppointed by Deputy Commissioners much in the same manner as enumerators. There will generally be nothing to prevent an enumerator of one block being selected as supervisor for a circle consisting of one or more other blocks.

(xv) As one or more villages or portions of towns and large villages are constituted enumerators' blocks, so should two or more enumerators' blocks be constituted into supervisor's circle with a supervisor for each, whose duty would be (1) to see that the extract from Khaneshumari account mentioned above in para (vi) (being a list of tenements to be visited) is correct, full and exhaustive, (2) to verify from 5 to 10 per cent of the entries in the schedules relating to his circle and to total up the columns in each schedule and (3) generally to supervise the arrangements made for enumeration in his circle.

(xvi) The items to be verified by supervisors should be previously, but privately prescribed by the Amildar of the taluk, by indicating the Municipal position in the schedule of the items to be verified. Thus, an Amildar may direct that every 10th item from the 8th (*i.e.*, 8th, 18th, 28th and so on) or every 8th item reckoned from the 5th (*i.e.*, the 13th, 21st, 29th and so on) in a schedule should be verified by a supervisor. The verification should be made by house-to-house visits in the same manner as the enumeration. The attendance of the enumerator and a few of the principal inhabitants of the block should also be secured. All errors discovered in the course of such verification should be neatly corrected with red ink and a list of them appended at foot of the schedule. Where the errors are small and of no great significance, the schedule may be passed for adoption. But where the errors are serious or numerous and thus calculated to discredit the schedule as a whole, the case should be reported at once to the Amildar with a view to that officer taking due notice of the enumerator's default and arranging for a prompt, fresh and correct enumeration.

(xvii) After such verification, the supervisor should carefully add up the columns in each schedule and record the totals at foot and attest the same with his own signature and those of the village patel and principal inhabitants who may have attended on him in the course of his house-to-house visits.

(xviii) Thus attested, the schedules appertaining to a village should be put together and (with pages numbered) handed over with a list to the shanbhog of the village.

(xix) The shanbhog should then post up the totals of each schedule on a fresh sheet of the schedule form (substituting name of block for head number's name) and carefully add up the figures so posted in each column to deduce the statistics for the entire village. This sheet will thus furnish the village abstract.

(xx) These schedules with village abstract as facing sheet will constitute the Khaneshumari account of the village and form the basis of the returns from which the Agricultural Statistics, Table A_4 will be prepared for the year 1915-16. The account will run for the entire quinquennium and be liable to further scrutiny by Taluk and Jamabandi Officers with a view to improving the next enumeration.

3. The foregoing instructions are intended but as a general outline of what is desired. The Revenue Commissioner and the Deputy Commissioners will issue instructions in such further detail as they may find necessary.

4. The Revenue Commissioner is requested to obtain the talukwar abstracts from the districts, review them and submit a copy of the review for the information of Government.

5. The forms mentioned above in clauses (v) and (vi) of paragraph 2 being supplied from the Government Press, the expense which will devolve on District Officers will be what may be required for petty stationery and contingencies and for allowances payable to the few hands who may have unavoidably to be specially entertained. Government will also be pleased as on last occasion to sanction prizes for each taluk, *viz.*, one of the value of Rs. 10 to be given to the shanbhog whose lists (mentioned above in clause v) for his firka are for correctness and completeness found to be the best in the taluk and two prizes of the value of Rs. 15 and Rs. 10 respectively, to be given to the two enumerators whose schedules (mentioned in clause vi) are for accuracy and neatness the best in the taluk.

6. A provision of Rs. 6,000 will be made for the purpose in the budget of 1915-16, and the Revenue Commissioner is requested to distribute this amount suitably among the districts.

No. R. 1538-85—Agri. 81-14-3, dated 3rd August 1915.

7. Prompt steps should be taken by the Deputy Commissioners to settle details of work in consultation with the Revenue Commissioner, in the light of experience gained in previous censuses.

8. The Revenue Commissioner is requested to intimate to Government the date fixed for the agricultural census, and furnish copies of any supplementary instructions which he may issue, to ensure efficient and accurate enumeration.

Statement showing Cattle Mortality for the Quarter ending 31st March 1915.

No. R. 2002-10--AGRI. 9-15-2, DATED 13TH AUGUST 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 1588, dated the 30th July 1915, from the Revenue Commissioner in Mysore, submitting a copy of the statement showing the cattle mortality in the State during the quarter ending 31st March 1915, together with a copy of his review thereon.

Order No. R. 2002-10—Agri. 9-15-2, dated 13th August 1915.

Recorded.

V. R. THYAGARAJA IYER,
Secy. to Govt., Rev. Dept.

To—The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.

Exd.—C. R.

Revenue Commissioner's Review No. 1579-87, dated 30th July 1915.

Recorded.

The acompanying statement shows in detail the losses in cattle of various kinds in the several districts during the quarter under review as compared with the corresponding quarter of the previous year. It is satisfactory to observe that the mortality among cattle of different kinds has been generally much less than in the corresponding quarter of the previous year in all the districts, the figures for the two quarters being 14,297 and 18,727 respectively.

Statement, showing the losses in cattle of various kinds in the Mysore State for the quarter ending the 31st March 1915.

No. Fl. 567-615—G. F. 128-14-2, dated 4th August 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 4786—B. & R. 708, dated 23rd—24th December 1914, from the Comptroller, submitting the Review of the Balances for the year 1912-13.

Order No. Fl. 567-615—G. F. 128-14-2, dated 4th August 1915.

Recorded.

2. This is the first time a review of this kind, required by Article 1419 of the Civil Account Code and Government Order No. Fl. 1150-1192—18, dated 7th February 1903, has been prepared and submitted by the Comptroller and Government note that he has made arrangements to ensure the timely preparation and submission of future reports.

3. This report, which is intended to satisfy Government that the balances on the books of the Comptroller represent the true assets and liabilities of Government requires the balance of each ledger head to be verified with the balance in the subsidiary accounts kept in the Comptroller's Office or elsewhere. Government regret to find that as a result of this most important work not having been done so far, the present report discloses discrepancies under a large number of heads (*vide* paras 34, 41, 46, 50, 82, 86, 87, 89, 91, 93, 94, 99, 102, 106, 107, 109, 110, 117, 119, 120, 122, 124, 126, 129, 131, 134, 135, 137, 140, 144, 154, 165, 170, 172, 174, 175, 179, 180, 181, 188, 189 and 193) between the balances in the ledger and those in the subsidiary books, where they are kept and the total absence in several instances of accounts other than those in the ledger with which the ledger balances could be verified. Very early action for tracing out causes of the differences noticed and for effecting the necessary adjustments in accounts should be taken. It is presumed that the transactions under all the debt and remittance heads since 1st July 1913, as recorded in the ledger and in the detailed accounts are being reconciled every month and that the differences on that date are not allowed to be altered by further divergences between the two accounts.

4. Government are pleased to approve of the adjustment of the following old outstandings in the manner proposed by the Comptroller as there is nothing gained by continuing to encumber the books with them.

Para of report	Head of account and balance	Head to which transfer should be effected
28	Gumbuz Fund, Investment Account. *Dr. Rs. 2,754.*	Gumbuz Fund Account.
74	Residency Garden Fund. *Cr. Rs. 1,347.*	Government.
75	Mahal Garden Fund. *Dr. Rs. 5.*	Chitaldrug Municipality (if it is agreeable to the debit).
80	European Burial Ground Fund. *Cr. Rs. 484.*	Government.
81	Daria Dowlat Bagh Fund. *Cr. Rs. 903.*	,,
118	Advance to officer on special duty. *Dr. Rs. 41.*	,,
184	Remittances on account of Mysore Railway Loan. *Rc. 1 Dr.* Money Order Payable, Local. *Dr. Rs. 15* Local Money Order Remittances. *Dr. Rs. 109.*	,,

5. The following observations are made against some of the paras of the report.

Para 13 of the review. Endowments for charitable, educational and other purposes.—The Departments entrusted with the supervision or management of the endowments should keep accounts of funds of the endowments and the agreement of such accounts with the Comptroller's accounts should be ascertained and noted in the reviews for future years.

Para 31. Palace Special Fund.—It is desirable to have the balance (cash and invested) of this fund as per Comptroller's books verified with the accounts of the Palace Controller and the latter's acknowledgment of correctness should be obtained annually and reported in the reviews of future years.

Para 38. Village School Fund.—As stated by the Comptroller the maintenance of a separate account of this fund apart from that kept in this office is desirable. The Inspector-General of Education is requested to express his views on the suggestions of the Comptroller.

Para 39. Local Funds General.—There is now no account of this fund, except that made up in the Comptroller's Office. The compilation of a departmental account is desirable with a view to have a complete account of the transactions of the fund as conducted by the officers entrusted with them and to have such account reconciled with the Comptroller's account. The Department of Government concerned has, in the circumstances of this fund, to arrange for getting periodical accounts from the officers collecting or expending amounts belonging to the fund, for consolidating them and for verifying them with the Comptroller's accounts.

Para 54. Military Funds.—With regard to the Military Funds it is not sufficient to infer agreement by the silence of the administrators. A report as to agreement should be obtained from them.

Para 56. Military Equipment Account.—It may be noted in future reviews if the Chief Commandant accepts that the ledger balance agrees with the outstandings on his books and that the outstandings represent the value of stock on hand plus the value of issues made awaiting recovery. It is also necessary to ascertain if the stock on hand consists of only serviceable articles required for use and if action has been taken to dispose of unserviceable articles.

Para 64. Gumbaz Fund.—Where the administrator of this fund accepts the correctness of the ledger balance should be ascertained and noted in future reviews. The administration of this fund rests with the Muzrai Department and not with the City Magistrate, Mysore, as stated by the Comptroller (*vide* Government Order No. 681-2—M. F. 114-92, dated 3rd December 1897).

Para 68. Damodar Dass Charity Fund.—An account of this fund should be kept by the Inspector-General of Education and the Comptroller should ascertain if the ledger balance is accepted as correct by that officer and note the fact in future reviews.

Para 72. Supari Cess Fund.—An account of this fund should be kept by the Director of Agriculture and its agreement with the Comptroller's account noted in future reports.

Para 75. Mahal Garden Fund.—With regard to the receipts from the Mahal Garden, Chitaldrug, it may be ascertained and reported as to why the receipts are credited to the Municipality.

Paras 77 and 78.—As proposed by the Comptroller, the C. Subba Rao Scholarship Fund may be kept as a personal deposit account. The investment of the balance of Rs. 3,450 not required for expenditure has been already sanctioned in G. O. No. 856-7—Edn. 41-14-4, dated 28th October 1914.

Para 83. Deposits of share capital of the Bank of Mysore.—Whether the Bank of Mysore has accepted the correctness of the balance has not been stated.

Para 92. Private estates under Government management.—The suggestion that the procedure relating to personal deposit accounts may be applied for "Private estates under Government management" is approved.

Para 93. Sayer, etc., collections to inamdars.—Government await a special report in the matter of the large debit balance of 16,119, under "Sayer collections payable to inamdars"

Para 97. Personal estate accounts.—Whether the ledger balance of these accounts are accepted as correct by the Palace Controller may be noted in future reviews.

Paras 105 and 106. Special advances (Industrial).—Whether the ledger balances of these accounts are accepted as correct by the Director of Industries should be ascertained and noted in future reports.

Para 107. Forest and Kheddah accounts.—Forest advances standing at Rs. 96,230 are very heavy and there is a difference of 12,739 between the Book balance and the balance in Forest accounts. The Comptroller and the Conservator of Forests should take special steps to reduce the balance and to adjust the difference.

Para 111. Arrack manufacture advances.—Whether the ledger balances of these accounts are accepted as correct by the Excise Commissioner should be ascertained and noted in future reports.

Para 115. Advances for the preparation of the accounts of inam villages.—These advances are under a special procedure authorised under the revenue rules and the maintenance of a separate head for recording them is desirable. The transactions may continue to be recorded under the present head. Whether the ledger balance is accepted as correct by the Revenue Department which keeps accounts of dues by individual inamdars should be ascertained and reported in future reviews.

Para 116. Artuare advances.—As it is reported that it was found impossible to trace out the cause of the debit balance so far back as 1902 its write off is sanctioned.

Paras 121 and 129. Contribution for works recoverable from raiyats.—Whether the ledger balance under these heads is accepted as correct by the Revenue Department which keeps accounts of dues by individual raiyats should be ascertained and noted in future reports.

Para 130. Advances to inamdars for repairs to their tanks by Public Works Department.—Whether the outstandings according to the ledger and detailed accounts in the Comptroller's office agree with the accounts of the Revenue Department which keeps accounts of dues by individual debtors should be ascertained and noted in future reviews.

Paras 136 and 141. Advances to weavers and advances for drinking water wells near Police Stations.—Orders will be passed in the matter of writing off of the outstanding balance under advances to weavers and advances for drinking-water wells near Police Stations, after the result of the investigation reported to be in progress is known.

Para 137. Advances to Presidents of Municipalities for City Improvements.—It is unsatisfactory that the large sum of Rs. 7,940-10-2 should be outstanding under "Advances to Presidents of Municipalities" without any information being available as to the details or the nature of the outstanding amount. Prompt action for the clearance of this outstanding will be awaited.

Paras 142 and 143. Advances to raiyats for earthwork to minor tanks and for purchase of seed grains.—Whether the ledger balances are accepted as correct by the Revenue Department which keeps detailed accounts of dues by individual debtors may be ascertained and noted in future reviews.

Para 148. Advances for acquiring lands for extension of villages.—Whether the ledger balance agrees with that according to the accounts kept by Deputy Commissioners may be ascertained and noted in future reviews.

Para 154. Loans to encumbered Jahgirdars.—It is reported that there is no agreement between the accounts kept in the Comptroller's office with those kept in the Deputy Commissioners' offices and that the debtors do not accept the

correctness of outstandings shown against them. The differences should be traced out and reconciliation effected without delay.

Para 156. Municipal loans.—Whether the Municipalities accept the correctness of the balance shown against them may be ascertained and noted in future reviews.

Para 162. Other loans.—Whether the debtor accepts the correctness of the balance shown as due by him may be ascertained and noted in future reviews.

Para 165. Land improvement loan under Regulation IV of 1890.—The early adjustment of the difference between balances as per ledger and broad sheets is necessary. Whether in the aggregates the balances of these loans, and advances agree with the accounts kept in the Deputy Commissioner's office, should be ascertained and noted in future reviews.

Para 168. Loans to Co-operative Societies.—The fact whether the Co-operative Societies acknowledge the correctness of the balances may be noted in future reviews.

Para 170. Land improvement and Takavi loans under revised rules of 1909.—Whether the ledger balances agree with those according to the Deputy Commissioner's accounts and whether the debtors accept their balances may be ascertained and noted in future reviews.

Para 173. Forest advances.—Whether there is agreement between the ledger balance and the broad sheet balance may be noted in future reviews.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

The consolidated preliminary budget for the year 1915-16 and the Comptroller's notes thereon.

Order No. Fl. 777—G. F. 116-14-2, dated 13th August 1915.

The revised estimate framed by the Comptroller shows that the revenue and expenditure for the year 1914-15 which were estimated at Rs. 2,85,09,000, and Rs. 3,58,63,000 stand revised at present to Rs. 2,78,14,000 and Rs. 3,93,11,000, respectively, thus showing a net fluctuation of Rs. 41,43,000 from the budget.

2. The circumstances which contributed to this result are some extraordinary items of expenditure and a net fall in revenue to the extent of Rs. 6,95,000. There were savings in expenditure both under ordinary service heads and capital works to the extent of Rs. 9,31,000 and Rs. 8,21,000 respectively.

3. The fall on the Revenue side appears chiefly under the heads Land Revenue (3,40,000), Forest (10,98,000), Surplus Revenue of Bangalore Assigned Tract (4,20,000) and Railways (2,13,000) counterbalanced by an increase under the heads Excise (9,00,000), Mining Revenue (1,70,000) and Interest (2,04,000). The savings in the ordinary service expenditure are chiefly under Salaries and Expenses of Civil Departments (4,63,000) and Public Works (4,73,000).

4. Budget, 1915-16:—The budget estimates for the year 1915-16 as provisionally passed were for a revenue of Rs. 2,74,02,000 and an expenditure of Rs. 2,73,70,000 under service heads, leaving a surplus of Rs. 32,000. There was further a grant of Rs. 66,35,000 distributed as under for special capital works:—

	Rs.
Cauvery Reservoir and allied works	25,00,000
Capital outlay on State Railways and Steam Tramways ...	26,35,000
Subsidised or Aided Railways	7,00,000
Bangalore Electric Tramways	6,00,000
Cauvery Power Scheme, IV Installation	2,00,000
Total ...	66,35,000

5. The provisional budget was presented to the Legislative Council on the 28th June 1915 and discussed by that body "in Committee" on the 26th July and formally on the 27th July 1915. A report of it will appear in the Gazette in the usual course.

6. It is now considered necessary to provide the following additional grants:—

(i) Rs. 5,000 more for Nandi Hill establishment to make up Rs, 7,000 required by the Superintendent.

(ii) Rs. 15,000 on account of books and furniture for the Public Libraries.

(iii) Rs. 10,000 under Economic Conference for additional grants under the heads noted below:—

	Rs.
General Conference—	
District Committees—	
8. Establishments	3,000
9. Contingencies and small experiments ...	5,000
Committee for Industries and Commerce—	
8. Experiments	1,000
9. Payments for expert opinion	1,000
Total ...	10,000

No. Fl. 777 -G. F. 116-14-2, dated 13th August 1915.

In order that the aggregate grant for expenditure and the budget surplus may not be affected thereby, it is decided to reduce the grant for "33 Civil works" by Rs. 30,000. With these alterations the estimates provisionally accepted are finally sanctioned.

7. The detailed budget as thus sanctioned will be published in an extra-ordinary issue of the *Mysore Gazette* with this order and the brief memorandum explaining the salient points issued with Government Order No. Fl. 158-70—G. F. 2-15-1, dated 10th July 1915.

J. S. CHAKRAVARTI,
Financial Secretary to Government.

To—The Comptroller to Government.

Exd.—C. R.

No. Fl. 1011-59—G. F. 183-14-2, dated 28th August 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 8710—B. & R. 1447, dated 26th May 1915, from the Comptroller to Government submitting the Appropriation Report on the accounts of the Government of His Highness the Maharaja of Mysore for the year 1913-14.

Order No. Fl. 1011-59—G. F. 183-14-2, dated 28th August 1915.

The report, which was due in the Secretariat by the 15th May 1915, was published by the Comptroller as a supplement to the *Mysore Gazette* issued on the 27th May 1915, and submitted to Government at the same time.

2. *General Review.*—The revenue and receipts realised in the year 1913-14, reached the record figure of 315·02 lakhs, and were 57·85 lakhs in excess of budget estimates due chiefly to improvements of 11,98,000, 8,87,000 and 2,45,000 under Forest, Excise and Profit or Loss and to the receipt of 30 lakhs on account of the surplus Revenue of the Bangalore Assigned Tract. The total expenditure was 275·55 lakhs showing a saving from the budget to the extent of 38·00 lakhs. The falling off of expenditure was chiefly under the Cauvery Reservoir and other capital works (27,37,000), Miscellaneous (4,28,000) and Education (2,91,000).

3. *Amounts under objection.*—Though as compared with the previous year the aggregate amount of objections outstanding is smaller, balances outstanding in Bangalore, Mysore and Shimoga Districts are still heavy. The Deputy Commissioners, Treasury Department, of these Districts should take steps to adjust and reduce these balances very early.

4. Out of the total outstandings on 31st October 1914, *viz.*, Rs. 23,532, more than half the amount is pending adjustment for want of bills, detailed contingent bills and sub-vouchers. Government regret to observe that the delay in sending these to the Comptroller still continues in spite of the instructions conveyed in paragraph 3 of Government Order No. Fl. 1156-204—G. F. 2-13-3, dated 23rd August 1913, and in paragraph 3 of Government Order No. Fl. 1403-51—G. F. 179-13-2, dated 22nd September 1914, and trust that Heads of Departments and Deputy Commissioners will pay particular attention to this matter and see that no room for complaint is given in future.

5. The abstracts of objections relating to Public Works contained in paragraphs 30 and 31 of the Report show that large sums have been spent in that Department without sanctioned estimates or appropriations or in excess of them. The attention of the Chief Engineer and Public Works Secretary is drawn to them and he is requested to arrange that the code rules in this respect are strictly enforced in future.

6. *Financial Irregularities.*—The attention of all officers is drawn to the instances of breach of financial rules noticed in paragraphs 34 and 35 of the Report. Government regret that in spite of the instructions issued in the reviews on the reports of the last two years such irregularities should still continue. Government expect all officers to take particular care to see that account rules and principles are strictly observed in all cases.

No. FL. 1011-59—G. F. 183-14-2, DATED 28TH AUGUST 1915.

7. *Appropriation audit.*—The expenditure during the year exceeded the budget grants under certain heads by about Rs. 6,13,000. The excess under some of the heads has been met by reappropriations or subsequent sanctions. Expenditure amounting to about Rs. 4,26,000 not covered by reappropriations or subsequent sanctions is shown in the statement attached and its final passing in accounts is hereby sanctioned.

Letter No. 7100—R. 365, dated 29th—30th March 1915, from the Comptroller to Government, regarding the acceptance by Mr. T. Satyaraj Chetty, Senior Assistant Comptroller and *ex-officio* Government Director of the Bangalore Woollen Cotton and Silk Mills, of the fee of Rs. 20 granted by the Company for each meeting of Directors attended by him.

Order No. Fl. 1059-107—G. F. 21-14-7, dated 28th August 1915.

Government direct that Government officers, who serve as Directors of Joint Stock Companies, by virtue of their official position, should credit to Government any fees which they may receive for attending Directors' Meetings. Where necessary they will be allowed to draw, on such occasions, travelling allowance as on duty.

Government Proceedings No. Fl. 386-9—S. R. 159-14-4, dated 22nd July 1915, defining the manner in which railway cess on items of excise revenue should be collected in districts where its levy has been ordered.

Order No. Fl. 994-1011—S. R. 159-14-6, dated 28th August 1915.

To clear up certain doubts which seem to have arisen in the practical application of the Government Order read above, Government are pleased to direct that in such cases railway cess should be levied as a distinct and additional impost at the rates prescribed for particular districts on the following items of excise revenue:—

Kind.	Items.
Toddy	Tree tax, Tree rent, and Shop rental.
Arrack, Ganja, Majum and Beer	...Duty.

2. The Excise Commissioner will in consultation with the Comptroller settle the manner in which the Railway cess should be collected and adjusted in accounts.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 367, dated 22nd May 1915, from the Government Advocate, suggesting that the Law Officers of Government may be allowed to subscribe to the State Provident Fund, so as to participate in its benefits.

Order No. Fl. 499-547—B. 15-14-4, dated 2nd August 1915.

The rules relating to the State Provident Fund contemplate the admission to it of temporary employees though a specific provision to that effect is not found therein.

To make the matter clear Government are pleased to direct the addition of a note numbered as 2, the existing note being numbered as 1, to Rule 1 in annexure to G. O. No. Fl. 7389-437—B. 15-14-2, dated 15th June 1915, worded as follows:—

Officers in temporary service are, with the consent of the Head of their office, eligible to subscribe to the fund, provided that they have been employed or are, in the opinion of the Head of their office, likely to be employed for at least three years.

GENERAL AND REVENUE DEPARTMENTS.

Order No. Fl. 656-65—S. & A. 35-14-579, dated 9th August 1915.

Travelling allowance bills of Police Officers in respect of journeys beyond the State are at present being submitted to Government for sanction under Article 41 (*b*) Mysore Service Regulations, though Article 40, Mysore Service Regulations clearly lays down that such sanction is not necessary in the case of Police Officers who proceed outside the State while acting within their legal powers. The attention of the Inspector-General of Police is drawn to this fact and he will accordingly discontinue the practice of sending up the travelling allowance bills of such officers to Government for sanction.

To meet audit requirements a certificate should be added in the travelling allowance bill in such cases to the effect that the journeys of the Police Officers concerned beyond the State were performed while acting within their legal powers.

Establishment of the Subordinate Civil Courts.

No. J. 469-70—Cts. 270-13-3, dated 5th August 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL DEPARTMENT.

Read—

Letter No. 1236—331, dated the 7th May 1914, from the Registrar, Chief Court, forwarding proposals for revising the scale of establishment of the subordinate Civil Courts in the State.

2. Letter No. 313—B & R. 37, dated the 11th July 1914, from the Comptroller, Mysore Government, forwarding, duly verified, the proposition statement received from the Chief Court for the revision of the scale of the said establishment.

Order No. J. 469-70— Cts. 270-13-3, dated 5th August 1915.

The scale of establishment of District Courts and Subordinate Judges' Courts was originally fixed so far back as 1884 and that of the Courts of Munsiffs earlier still, *i.e.*, in 1873-74.

2. In 1900 on the formation of a District and Sessions Court at Hassan, the scale of pay originally fixed for the establishment of this class of courts was reduced and the existing scale was sanctioned for all the District and Sessions Courts. The scale of establishment of the Subordinate Judges' courts also underwent a slight change in 1887.

3. In 1886, the Munsiffs' Courts were classified and a uniform scale of establishment was sanctioned in respect of each class of courts. These scales have since been altered by the addition of one or two hands in the case of a few courts with heavy files.

4. The Chief Court represent that the work of all classes of subordinate Civil Courts has increased considerably, owing to the expansion of the territorial jurisdiction in the case of some courts and on account of the enhancement of the pecuniary jurisdiction in the case of others. It is urged, besides, that the addition to the number of registers to be maintained in these courts has entailed a corresponding increase in the volume of clerical work.

5. The Chief Court have compared the pay and work of officials in the Revenue Department with those of officials in the Civil Courts and consider that a revision in the scale of establishment of the Civil Courts also is called for.

6. Government generally agree with the views of the Chief Court. Considering that the cost of living has also increased appreciably, they are pleased to sanction the proposals of the Chief Court involving an extra recurring expenditure of Rs. 23,184 per annum.

7. A statement showing the present scale of establishment and the scale as now sanctioned for each of the several courts is hereto annexed.

8. The revision will take effect from the 1st July 1915 and the extra cost involved thereby will be met from the lump sum provision made in the current year's budget for the purpose.

9. The proposal of the Chief Court to have only two classes of Munsiffs' Courts instead of three as at present is also approved.

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. Dept.

To—The Registrar, Chief Court.

The Comptroller, Mysore Government, through Branch II, with a copy of the proposition statement.

Statement showing the present scale of establishment and the scale as now sanctioned for each of the several subordinate Civil Courts.

Trial of Americans and non-British Europeans.

No. J. 750-2- Cts. 299-14-6, dated 11th August 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Proceedings No. J. 2018-27, dated 22nd January 1906, as amended by Government Proceedings No. J. 2426-37—Cts. 200-05-17, dated 9th March 1906, directing that immediate information should be furnished to the Government of every case in which a Criminal charge is preferred against any American or European, not being a European British Subject, with a view to the Court by which the case should be tried being determined by reference to the British Government.

2. Government Proceedings No. J. 2917-25—Cts. 215-06-2, dated 21st March 1907, in the same matter.

Order No. J. 750-2—Cts. 299-14-6, dated 11th August 1915.

The Special Magistrate of the Kolar Gold Fields may henceforth try cases in which a criminal charge is preferred against an American or a European, not being a European British Subject, without previous reference to Government.

2. The submission of the reports prescribed in the proceedings read above should, however, be continued, one as soon as a criminal charge is preferred and another immediately on the termination of the trial.

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. Dept.

To—The District Magistrate, Kolar District.
The Inspector-General of Police in Mysore.
The Registrar, Chief Court.

Exd.—C. R.

Watch and Ward Establishment for the Bowringpet-Kolar Railway.

No. J. 924-6—Police 69-14-2, dated 30th August 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Proceedings No. J. 2500-1 – Police 152-13-4, dated the 28th February 1914, sanctioning a temporary police establishment for the Bowringpet-Kolar Railway.

2. Government Proceedings No. J. 3825-8—Police 152-13-9, dated the 30th June 1914, directing that the temporary police establishment sanctioned in the above proceedings be made permanent, the cost thereof being met in the usual proportion of 7/10ths and 3/10ths from the Railway Revenue Accounts and the State respectively.

3. Letter No. 961, dated the 2nd November 1914, from the Secretary to Government for Railways, forwarding copies of certain correspondence regarding the watch and ward duties on the railway, and requesting that the Inspector-General of Police may be instructed to arrange for them also.

Order No J. 924-6—Police 69-14-2, dated 30th August 1915.

It is seen from the correspondence forwarded by the Railway Secretary that the Inspector-General of Police has declined to undertake the guarding of the cash chests and the escorting of the treasure belonging to the railway administration and the Chief Commandant is unable to spare the necessary guard for the purpose. The Railway Secretary requests that the Inspector-General of Police may be instructed to arrange for this work.

2. The duties of the Railway Police fall under two classes:—

Class A (to be paid for by Government).

(1) Detection and prosecution of cognisable offences within railway limits.
(2) Arrest of offenders in cognisable cases.
(3) Reporting of non-cognisable cases.
(4) Entry in police diaries of all offences.

Class B (to be paid for by the railway administration).

(1) Maintenance of order at stations.
(2) Watching of passenger trains at stations.
(3) Watch and ward of—
  (*a*) goods sheds;
  (*b*) goods trains and stations; at
  (*c*) brake and luggage vans;
  (*d*) railway offices and buildings.
(4) Reporting to railway authorities all breaches of the railway bye-laws.

3. The proportion of the cost of class A to that of class B is found approximately to be 3 to 7. It is on this basis that railway administrations are charged with 7/10ths of the cost of the police force employed on their lines. It is also a recognised principle that 3/10ths of the cost of the duties other than those enumerated under class B is not to be charged to Government although they may partake of the nature of watch and ward duties.

4. Applying the foregoing principles to the present case, it is found that the force sanctioned in the two orders read above should do the watch and ward duties falling under class B, but not the kind of work referred to by the Railway Secretary and that the railway administration should bear the entire cost of any arrangement made for the conduct of the latter kind of work. Necessary action may be taken accordingly.

D. M. NARASINGA RAO,
Secy. to Govt., Gen. Dept.

To—The Inspector-General of Police in Mysore.
The Secretary to Government, for Railways.
The Comptroller, Mysore Government.

No. 1190-1—L. B. 49-14-37, DATED 12TH AUGUST 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 15216, dated 5th June 1915, from the Revenue Commissioner in Mysore, submitting the report of the cattle show held at Chunchankatte jatra on the 16th January 1915.

Report of the Chunchankatte jatra and the cattle show held on the 16th January 1915, Yedatore Taluk.

The jatra began on the 8th January and continued till the 27th of the month.

The number of people assembled for the jatra may be estimated at 10,000 as against 18,000 assembled in the previous year, while the cattle collected in the "Hori Mala" according to the contractor's receipts may be stated in round numbers to be 15,000. The collection of men and cattle was not so large as in previous years though the seasonal conditions were favourable and there was no outbreak of plague or cholera in any virulent form anywhere in the taluk. The export of cattle having been stopped by war, there were not many sales of cattle and this may probably account for comparatively small collections this year.

A Committee consisting of the marginally noted gentlemen was formed to select the best cattle. Mr. L. Krishna Rao, the Special Land Acquisitio Officer and Senior Assistant Commissioner, Cauvery Reservoir, supervised the cattle show and acted as President.

1. Kemparaja Urs of Mawattur.
2. Herigegowda of Arjunahalli.
3. Mr. Rapu, Veterinary Inspector.
4. Mr. Krishna Rao, Agricultural Inspector
5. Siddegowda of Budanur, Mandya Taluk
6. Kelargowda of Karalahalli, Nagamangala Taluk.

The number of cattle brought for the exhibition was nearly 200, of which 26 were singled out by the Judges as entitled to the prize.

In all 26 prizes were awarded to the owners of cattle. Mr. L. Krishna Rao distributed the prizes.

The classification, age, etc., of the cattle for which prizes were awarded are given in the accompanying tabular statement.

The District Health Officer, the Superintendent, A. E. and I, the Agricultural Inspector, the Veterinary Inspector, and the Police Superintendent were also present at the cattle show.

The cattle were picketted in the "Hori Mala" to the south of the temple. They were arranged in rows with an intervening space for passage of men and cattle. The health of the cattle was good. The channel being closely no difficulty was experienced by them for water for drinking and washing purposes.

	Rs.	a.	p.
Shop tax fees on cattle, etc. ...	4,100	0	0
Sale of manure	600	0	0
Colaka	73	13	5
Total ...	4,773	13	5

The total realisations from all sources amounted to Rs. 4,773-13-5.

The right of collecting tax on cattle and the ground rent on different kinds of shops, etc., was sold by auction for Rs. 4,100-0-0 and the contract amount was recovered in full and credited to temple funds. The right of collecting manure was sold for Rs. 600-0-0.

	Rs.	a.	p.
ದೇವಸ್ಥಾನದ ಮಾರ್ಗಕ್ಕೆ ದುರಸ್ತಿ ಖರ್ಚು ಮಾಡಿದ್ದು ...	9	15	0
For temple road repair	49	0	0
For whitewashing the temple	44	1	1
For Rathothsavam as per scale	128	0	0
For repairing drum	5	0	0
For repairing the car, etc.	48	12	0
For construction of temporary flight of steps leading to Dhanushkoti	96	14	0
For Bhajane during Rathothsavam	15	0	0
Amount awarded to prize winners in the cattle show. (Met out of District Funds)	200	0	0
Amount spent for sanitary arrangements. Met out of District Funds)	107	12	0
Total ...	674	6	1

The total expenditure amounted to Rs. 674-6-1 as shown in the margin.

Every thing went on well in the jatra but for the heavy down pour of rain, one day, especially during night which caused great inconvenience to the people owing to the want of accommodation. Happily there was no outbreak of disease of any kind.

Advantage was taken by the Superintendent, A. E. and I., to lecture to the people on the use of improved ploughs, use of manure, etc. The Agricultural Inspector, who had brought several kinds of improved

No. 1190-1--L. B. 49-14-37, DATED 12TH AUGUST 1915.

machinery, demonstrated their use to the assembled raiyats. A party of students from the Mysore Training College was also present to witness the cattle show and to learn something about their breed description, etc.

The undersigned is in full accord with the proposals made last year regarding the planting of topes in the Government portion of the Hori Mala, the construction of sheds or mantaps for the raiyats to protect themselves from wind and rain, and the construction of flight of steps for the Dhanushkoti and would urge upon Government the desirability, nay the necessity, of taking early action in the matter.

Order No. 1190-1—L. B. 49-14-37, dated 12th August 1915.

Recorded.

The thanks of Government are due to the members of the Committee who made the show a success. The receipts and expenditure in connection with the show should be adjusted in accordance with the instructions contained in the sub-paragraph under paragraph 3 of Government Order No. 7007-24—L. B. 189-09-3, dated 22nd February 1911.

2. It is observed that the report received in the Deputy Commissioner's office at the end of February 1915, was not transmitted to the Revenue Commissioner until the end of May 1915. The delay should have been avoided.

V. R. THYAGARAJA IYER,
Secy. to Govt., Rev. Dept.

Taluk Board, Sira, Tumkur District.

No. 1482-9—L. B. 17-15-3, DATED 17TH AUGUST 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 38—Secy., dated the 21st July 1915, from the Deputy Commissioner, Tumkur District, stating that the term of the existing non-official members of the Sira Taluk Board expired in October last in accordance with Rule 16 of the Rules under the Local Boards Regulation, II of 1902, and submitting proposals for the reconstitution of the Board.

Order No. 1482-9—L. B. 17-15-3, dated 17th August 1915.

The list of gentlemen elected or proposed for nomination as members of the Sira Taluk Board as per list submitted by the Deputy Commissioner with the letter read above is approved and will be duly notified in the *Mysore Gazette*.

2. Government observe that no information is furnished regarding the date on which the election was held, the number of qualified candidates and voters in the taluk, the number who offered themselves for election and the number of voters present. It is desirable to have information on these and any other interesting matters connected with the elections.

3. Government also observe that the term of office of the last appointed non-official members expired in the ordinary course in November last and no reason has been assigned for the long delay of eight months in submitting proposals for the reconstitution of the Board. Such delays should be avoided in future and the proposals submitted in due time, at least a month before the expiry of the term of membership in the ordinary course. The provision in the Rules regarding continuance of members on the Board after the expiry of the term of office and until the appointment of their successors is meant for exceptional cases where proposals cannot for some reason or other be submitted in due time.

V. R. THYAGARAJA IYER,

Appointment of whole-time President of the Mysore City Municipal Council and Chairman, Trust Board.

No. 1143-7—Ml. 131-13-53, dated 9th August 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. 7035-8—Ml. 295-12-1, dated the 4th March 1913, directing the appointment, as a tentative measure, of Mr. T. G. Lakshmana Rao, Executive Engineer, 4th Class, temporary, as whole-time President of the Mysore City Municipal Council and Chairman of the Board of Trustees for the City Improvements on a salary of Rs. 500 *plus* Rs. 100 local allowance per mensem.

2. Letter No 17, dated the 13th August 1913, from the Chairman, Mysore City Improvement Trust Board, submitting for orders a copy of the Board's Resolution recommending that the allowance of Rs. 200 a month which used to be drawn by the Deputy Commissioner of the Mysore District, as Chairman of the Board, may be given to Mr. Lakshmana Rao also.

3. Letter No. 761, dated the 30th April 1914, from the Deputy Commissioner, Mysore District, submitting, with his own opinion, the report of the Municipal President and Chairman on the result of the working of the arrangement ordered in the aforesaid order during the period of twelve months.

Order No. 1143-7—Ml. 131-13-53, dated 9th August 1915.

In the order cited above the old arrangement under which the Deputy Commissioner of the Mysore District was the *Ex-officio* Municipal President and Chairman of the Trust Board was done away with and, as a tentative measure, Mr. Lakshmana Rao, Executive Engineer, 4th Class, temporary, was appointed whole-time Municipal President and Chairman of the Board of Trustees, Mysore City, on a salary of Rs. 500 *plus* Rs. 100 local allowance, and a report was called for on the result of the working of that arrangement after a year's experience to enable the Government to consider whether it might be continued with advantage and whether the Board of Trustees might also be amalgamated with the City Municipal Council under suitable conditions.

2. That report has since been received. Both the Municipal Council and the Board and Trustees consider that the new arrangement has worked satisfactorily and recommend that the same may be made permanent, the two bodies existing side by side as independent entities. The Deputy Commissioner of the Mysore District is also of opinion that the scheme is found to be more satisfactory than the old system under which the Deputy Commissioner with the Revenue administration of the largest district in the State was also President of the Municipality and Chairman of the Trust Board and could not devote the required attention to the work of those bodies.

3. Government consider that the present system of having a whole-time officer as President of the Municipal Council and Chairman of the Trust Board has not had a sufficiently long trial to justify its being made permanent as recommended by the two bodies. They are accordingly pleased to direct its continuance till the end of the current official year.

No. 1143-7—Ml. 131-13-53, dated 9th August 1915.

4. In view of the multifarious duties devolving on Mr. T. G. Lakshmana Rao as Municipal President and Chairman, Government are pleased to direct that the local allowance of Rs. 100 per mensem now drawn by him be raised to Rs. 200 a month with effect from the date of this order.

5. Government are further pleased to view with favour the repeated representation of the Mysore City Municipal Council that their President should be permitted to correspond with Government direct as in the case of the Bangalore City Municipal Council, and direct that, in future, the restriction imposed in Government Order No. 2024-5—Ml. 295-12-20, dated the 19th August 1913, in this respect be considered as withdrawn.

6. A report similar to the one read above for the subsequent period of two years may be submitted so as to reach the Secretariat in the first week of May 1916.

No. 1297-347—Ml. 112-14-13, dated 13th August 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read again –

Government Order No. 6340-9—Ml. 330-12-3, dated the 20th December 1913, reconstituting the Committee for the preparation of a scheme for the improvement of the Bangalore City and defining the business to be transacted by the Committee.

Read—

Letter No. 10—C. I., dated the 15th July 1914, from the Chairman, City Improvement Committee, Bangalore City, submitting the recommendations of the Committee for improving the City of Bangalore.

Order No. 1297-347—Ml. 112-14-13, dated 13th August 1915.

His Highness' Government have given full consideration to the proposals for the improvement of the Bangalore City submitted by the Improvement Committee. The proposals included in Appendix A seem to be well considered, suitable and necessary. Government desire to congratulate the Committee on taking such a broad view of the present and future needs of the City.

2. The most important project contemplated is the widening of the Avenue road. The widening is to be up to 80 feet including 10 feet side pavements with provision for a tramway and roads on either side. The total cost of this project is estimated at 19·56 lakhs and the net cost at 7·13 lakhs. Government accept the recommendation of both the Improvement Committee and the Municipal Council that this is a very desirable improvement in the interests of public safety and convenience. As however the project involves heavy outlay, Government defer conveying sanction to it, pending the submission of detailed estimates with proposals for financing it. The President of the Municipal Council is requested to take early necessary action in that direction.

3. The site chosen by the Committee for locating the new Municipal Office and Town Hall, close to the Reserve Police Lines and Parade Ground, does not appear to be quite central for the purpose. The most appropriate site for it seems to be near the market opposite the Doddanna Hall and it might be provided by acquiring a few houses in the Bamboo Bazaar close to the Hall. With such conspicuous buildings as the New Market, the Victoria Hospital, the Power Station and the Doddanna Hall, the Town Hall, when built in this neighbourhood, will lend artistic effect and distinction to the locality.

4. Items Nos. 6, 8 and 9 of the improvements mentioned in Appendix A, are of a minor character and, as they are works of ordinary Municipal improvements, may be carried out by the Municipal Council from Municipal Funds.

5. With these modifications, the proposals of the Improvement Committee are approved.

6. In addition to the improvements suggested by the Committee, rough outlines of a complete scheme of drainage for the old city involving an expenditure of Rs. 10 lakhs have been prepared by the Sanitary Engineer and the scheme is being separately dealt with. The total net outlay on the new improvement scheme and the drainage scheme together after deducting the cost of the three minor items, 6, 8 and 9 referred to in paragraph 4 above will amount to Rs. 24·07 lakhs.

7. The question of financing these schemes presents some difficulties. The expenditure to be incurred is very heavy, and all that the Municipal Council, who are most interested in the execution of the proposals, offer to contribute is only Rupees three lakhs which is less than one-eighth of the total net outlay. Works

No. 1297-347—ML. 112-14-13, DATED 13TH AUGUST 1915.

of such magnitude and importance are usually carried out mainly at the cost of the cities concerned. But in view of the fact that the City Improvement Committee with the co-operation of the leaders of the public, have taken the initiative and shown a genuine desire to improve the City, Government are prepared to give substantial assistance to the Bangalore City Municipal Council in carrying out these works.

8. Government are willing to contribute two-thirds of the cost of the City Improvement Scheme and one-half of that of the drainage works if the Municipal Council arrange to bear the remainder. On this understanding, Government are prepared to sanction from State Funds an expenditure of three lakhs per annum for the next five years including the present contribution.

9. The President of the City Municipal Council is requested to submit detailed proposals for financing the schemes and indicate for the consideration of Government the order in which and the agency by which it is proposed to execute the works. Should any delay be apprehended in submitting a complete scheme for widening the Avenue road, the detailed estimates for the remaining proposals may be sent up separately at once and the Avenue road scheme may follow.

10. The Committee's proposals include certain less urgent schemes, as outlined in Appendix B, to be taken up within the next ten years. These schemes may be further investigated and developed and kept in view till the Municipality is financially in a position to carry them out.

V. R. THYAGARAJA IYER,
Secy. to Govt., Rev. Dept.

To—The Chairman, Bangalore City Improvement Committee.
The President, Bangalore City Municipal Council.
The Comptroller, Mysore Government (through Branch II).
The Heads of Departments.

Exd.—C. R.

APPENDIX A.

Rough estimate of the cost of improvements in Bangalore City to be taken up during the first three years, as revised in the City Improvement Committee's meeting of the 7th June 1914.

Item No.	Name of improvement	Total cost	Net cost
		Rs.	Rs.
1	Construction of General Market ...	2,50,000	2,50,000
2	Town Hall and Municipal Office ...	2,00,000	2,00,000
3	Widening Avenue road ...	19,56,944	7,13,500
4	Improvement and laying out of the Market square ...	1,66,674	1,66,674
5	Improvement of Yelahanka gate square ...	10,237	10,237
6	Setting back the Fort Buttress ...	4,500	4,500
7	New extension east of Fort centre road ...	1,57,708	...
8	Acquisition of Mango tope of M. Surappa ...	7,100	...
9	Acquisition of K. H. Ramaiya's land, etc., near Sheshadripuram ...	4,700	4,700
10	Shifting of Bamboo Bazaar ...	15,900	6,000
11	Continuing the Kitchetty Chattram road to City Railway Station ...	44,070	44,070
12	Girdle road, through Sunnakal Farm ...	24,000	24,000
	Total ...	28,41,833	14,23,681

No. 1297-347—Mr. 112-14-13, dated 13th August 1915.

APPENDIX B.

Works proposed for ten years.

Item No.	Name of improvement	Estimate amount	Remarks
	New Diagonal Roads.	Rs.	
I	(1) From the market square to the junction of Taluk Cutcherry road and Sunkalpet road	2,38,140	
	(2) From the market square to the junction of Taluk Cutcherry road with Arcot Srinivasacharlu's street ...	1,00,134	
	(3) From the junction of the Arcot Srinivasacharlu's street and Taluk Cutcherry road to the junction of Balepet and Hospital roads near Upparpet Police Station	1,51,998	
	(4) From the junction of Mysore road and Arlepet road near Barr Lines to the junction of the Kengeri bagal road and Arcot Srinivasacharlu's street ...	1,32,235	
	(5) From the junction of the Taluk Cutcherry road and Arcot Srinivasacharlu's street to the Yelahanka gate	2,00,755	
	(6) From the junction of the Taluk Cutcherry and Akkipet roads to the junction of Arlepet road and Railway road near Subbachetty chattram	1,08,780	
	(7) Continuation of Subbachetty Puranappa's lane to the District Office road	...	(*N.B.*—The estimate for the remaining works are not ready.)

X	(*a*) Providing swimming bath in the Lal-Bagh tank ...	...	
	(*b*) Swimming bath in the Kempambudhi tank ...	...	
XI	Providing a bathing ghat at the Kempambudi tank ...	...	
XII	Improvement of the Slaughterhouse	...	

No. 1025-75—San. 75-13-23, dated 5th August 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. 1025-75—San. 75-13-23, dated 5th August 1915.

Government have had under consideration for some time past, the question of improving the system of collection, compilation and publication of vital statistics in the State. The basis for the present registration of vital statistics is the Chief Commissioner's Notification of 1879. For various reasons, statistics obtained in pursuance of that notification have been found to be defective.

2. With a view to improve the system, the Sanitary Commissioner addressed the Deputy Commissioners of Districts and District Sanitary Officers in the matter so far back as December 1911. More recently, on the recommendation of the Standing Committee of the Economic Conference, Government appointed a Committee consisting of the marginally noted gentlemen to study the question with reference to the systems obtaining in British India and in three or four countries of Europe and America and to make definite recommendations for practical action. That Committee has since made the following recommendations:—

Dr. M. Srinivasa Rao, Deputy Sanitary Commissioner.
Mr. K. Chandy, Deputy Commissioner, Bangalore District.
Mr. P. G. D'Souza, Deputy Secretary to Government, General and Revenue Departments.
Mr. R. Subba Rao, Health Officer, Bangalore City.

(1) Registration of births and deaths should be made compulsory by legislation, on the lines of the Madras Act, III of 1899, throughout the whole of the Mysore State.

(2) The inamdars, *i.e.*, the holders of the whole inam villages should be compelled to maintain registers of births and deaths.

(3) Prosecutions for failure to register births and deaths in rural areas should be sanctioned by the Amildar of the taluk. The Deputy Commissioner or other officer empowered by him may stay the prosecution whenever necessary.

(4) For rural areas, patels should continue to be the registering officers.

(5) The immediate supervising and checking agency should consist of the shekdars and the Sanitary and Assistant Sanitary Inspectors.

(6) The registers should be checked at least once in two months by either of these officers. The entries verified by them should be initialled.

(7) All higher officers of the Revenue and Sanitary Departments should check the registers during their tours and at the time of the jamabandi.

(8) In the villages where patels are illiterate, it should be the duty of the shanbhogs to assist the patels in keeping the register of births and deaths.

(9) In villages where there are Village Improvement Committees, it should be one of the duties of the Committees to check the register of births and deaths once a month.

(10) In Unions, the Union Panchayets should be similarly held responsible for the accuracy of birth and death registers.

(11) In minor (*i.e.*, non-regulation) Municipalities, the shanbhog or the stationary Sanitary or Assistant Sanitary Inspector or some Municipal Councillor should be required to collect information of births and deaths and furnish it to the Sub-Assistant Surgeon in charge of the Local Fund Dispensary within 48 hours of their occurrence, the duty of registering them being left to the Sub-Assistant Surgeon.

(12) In the Regulation Municipalities, Registrars and Sub-Registrars should be appointed to register births and deaths. There should be one Sub-Registrar for every 5,000 population. The Municipal Councillors should be encouraged to check the accuracy of the information furnished by the Sub-Registrars.

(13) The system of giving rewards to the best registering officers in rural areas deserves a trial.

(14) The birth and death register should be in duplicate, the duplicate being perforated. Each register should last for at least five years.

(15) The original should always remain with the patel in the village itself, the duplicate being sent within the 5th of the succeeding month to the Taluk Office.

(16) A list of all the villages in each taluk, including the inam villages, should be made and serially numbered. The number and name of the village should be written on each page (both original and duplicate) of the birth and death registers.

(17) Each page in the register should be marked for a particular month.

(18) The appended forms (1 and 2) printed as annexures are suggested for the collection of information of births and deaths. Local Boards and Municipalities may obtain any additional information they may require.

(19) The Amildars of the Taluks should be responsible for the compilation of taluk vital statistics, the compilation being done with the assistance of the Sanitary or Assistant Sanitary Inspector.

(20) The Amildar should forward the monthly statistics to the Deputy Commissioner and also place them before the Taluk Board.

(21) The District Sanitary Officer under the orders of the Deputy Commissioner should compile vital statistics quarterly for the whole district.

(22) The Deputy Commissioners should forward quarterly statistics to the Sanitary Commissioner, in whose office the annual statistics will be compiled and incorporated into the annual sanitary reports.

(23) The forms in which the Amildars will compile the monthly statistics are appended (Annexures 3 and 4).

(24) The registration of marriages, emigrants and immigrants is not recommended at present for the whole State; but it may be attempted in selected areas, such as Bangalore City, Mysore City and Kolar Gold Fields and the malnad taluks. The registering authorities should be shanbhogs. The checking and compiling agency should be the same as that in the case of registration of births and deaths.

(25) The Forms (5 and 6) in which marriages, emigrants and immigrants are to be registered are appended.

(26) In the diaries of the checking officers a column should be opened showing the number of villages in which they checked the registers and the number of cases tested.

3. Suggestions have also been obtained on the subject from the Deputy Commissioners of Districts, certain Heads of Departments and a few non-official gentlemen.

4. After a study of all the opinions thus collected, Government consider that the Committee's recommendations are on the whole well considered and calculated to lead to great improvement in the collection of these statistics. They are therefore pleased to approve of them generally.

5. Government agree with the opinion of the Committee that the registration of marriages, emigrants and immigrants for the whole State is not necessary for the present and that it may be attempted in the two cities of Bangalore and Mysore and also the Kolar Gold Fields by the local bodies concerned.

6. Necessary action will be taken to introduce a bill into the Legislative Council on the lines of the Madras Act, III of 1899, so as to make the registration of births and deaths compulsory.

(12) In the Regulation Municipalities, Registrars and Sub-Registrars should be appointed to register births and deaths. There should be one Sub-Registrar for every 5,000 population. The Municipal Councillors should be encouraged to check the accuracy of the information furnished by the Sub-Registrars.

(13) The system of giving rewards to the best registering officers in rural areas deserves a trial.

(14) The birth and death register should be in duplicate, the duplicate being perforated. Each register should last for at least five years.

(15) The original should always remain with the patel in the village itself, the duplicate being sent within the 5th of the succeeding month to the Taluk Office.

(16) A list of all the villages in each taluk, including the inam villages, should be made and serially numbered. The number and name of the village should be written on each page (both original and duplicate) of the birth and death registers.

(17) Each page in the register should be marked for a particular month.

(18) The appended forms (1 and 2) printed as annexures are suggested for the collection of information of births and deaths. Local Boards and Municipalities may obtain any additional information they may require.

(19) The Amildars of the Taluks should be responsible for the compilation of taluk vital statistics, the compilation being done with the assistance of the Sanitary or Assistant Sanitary Inspector.

(20) The Amildar should forward the monthly statistics to the Deputy Commissioner and also place them before the Taluk Board.

(21) The District Sanitary Officer under the orders of the Deputy Commissioner should compile vital statistics quarterly for the whole district.

(22) The Deputy Commissioners should forward quarterly statistics to the Sanitary Commissioner, in whose office the annual statistics will be compiled and incorporated into the annual sanitary reports.

(23) The forms in which the Amildars will compile the monthly statistics are appended (Annexures 3 and 4).

(24) The registration of marriages, emigrants and immigrants is not recommended at present for the whole State; but it may be attempted in selected areas, such as Bangalore City, Mysore City and Kolar Gold Fields and the malnad taluks. The registering authorities should be shanbhogs. The checking and compiling agency should be the same as that in the case of registration of births and deaths.

(25) The Forms (5 and 6) in which marriages, emigrants and immigrants are to be registered are appended.

(26) In the diaries of the checking officers a column should be opened showing the number of villages in which they checked the registers and the number of cases tested.

3. Suggestions have also been obtained on the subject from the Deputy Commissioners of Districts, certain Heads of Departments and a few non-official gentlemen.

4. After a study of all the opinions thus collected, Government consider that the Committee's recommendations are on the whole well considered and calculated to lead to great improvement in the collection of these statistics. They are therefore pleased to approve of them generally.

5. Government agree with the opinion of the Committee that the registration of marriages, emigrants and immigrants for the whole State is not necessary for the present and that it may be attempted in the two cities of Bangalore and Mysore and also the Kolar Gold Fields by the local bodies concerned.

6. Necessary action will be taken to introduce a bill into the Legislative Council on the lines of the Madras Act, III of 1899, so as to make the registration of births and deaths compulsory.

No. 1025-75—San. 75-13-23, dated 5th August 1915.

7. The Deputy Commissioners of Districts are requested to advise the Municipal Councils to frame necessary bye-laws enforcing the registration of births and deaths within a specified time.

8. The Senior Surgeon is requested to submit a set of rules embodying the recommendations of the Committee for the guidance of registering officers and arrange with the Superintendent, Government Press, for the printing and supply of the required number of revised forms in communication with the Deputy Commissioners of Districts. He is also requested to issue small pamphlets explaining the necessity for correct registration of vital statistics and containing practical suggestions for the guidance of the registering agencies.

9. The appreciation of Government will be communicated to the members of the Committee for their practical suggestions and their lucid report on the subject.

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE, GENERAL AND REVENUE SECRETARIAT.

Dated Bangalore, 11th August 1915.

CIRCULAR.

From

D. M. NARASINGA RAO, ESQ., B.A., B.L.,
Officiating Secretary to the Government of His Highness the Maharaja of Mysore, General Department.

To

All Heads of Departments, Deputy Commissioners of Districts and other Officers of Government.

SIR,

Government have had occasion to notice instances in which communications addressed to them had been typed with very faint impressions.

2. I am therefore to request that suitable instructions may be issued to the effect that all letters addressed to Government should in future be so typed as to render the matter easily readable even after the lapse of some time.

I have the honour to be,
Sir,
Your most obedient servant,
D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. Dept.

GENERAL AND REVENUE DEPARTMENTS.

Order No. G. 1619-20—Mily. 203-12-9, dated 6th August 1915.

The Chief Commandant, Mysore State Troops, reports that owing to the fluctuation of prices from time to time it is impracticable to adhere to the rates prescribed in the Government Orders Nos. Mily. 2738-9—145, dated 28th May 1903, and Military 832-3—36, dated 15th September 1903, for articles of free kit issued to the Imperial and Local Service Regiments respectively. He proposes therefore to get the supply of these articles after calling for tenders in accordance with Government Order No. Fl. 2760-809—G. F. 214-10-88, dated 23rd December 1913, and fix the rates each time with the approval of Government on the questions of the tenderers. Government approve of the proposal and direct the cancellation of the standard rates referred to above as well as of the approximate cost given in paragraph 583 of the standing orders of the Imperial Service Lancers and note 3 thereunder.

READ—

Letter No. H-5957, dated the 1st July 1915, from the Government of India, Army Department, to the Adjutant-General in India.

I am directed to inform you that the Government of India have decided that Government servants who are Volunteers and who have or may be specially attested for service over-seas in that capacity, shall receive the following pay and allowances —

(*a*) Whilst serving within Indian limits pay at Civil rates according to the "next below" rule, or military pay and allowances of rank, whichever is greater;

(*b*) Whilst employed over-seas military pay and allowances of rank *plus* Civil furlough pay.

2. I am to add that such service will count for Civil leave and pension whilst within Indian limits. As regards service over-seas, absence from India will not be regarded as an interruption of duty for leave earned and will count for pension but not for leave. These Volunteers will also retain a lien on their Civil appointments and those on incremental salary will count the period of their military service towards increments.

Memo No. G. 1987-2037—G. M. 158-15-2, dated 13th August 1915.

Copy of the foregoing letter is forwarded to the Heads of Departments and Deputy Commissioners of Districts for information.

Allocation of Rooms in the Public Office Buildings.

No. G. 2728-36—G. M. 103-14-15, DATED 28TH AUGUST 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. 1299-1300—G. M. 103-14-3, dated the 10th August 1914, appointing a Committee consisting of the Secretary to Government, General and Revenue Departments, the Chief Engineer and the Comptroller for considering the needs for additional accommodation felt by the several offices located in the Public Office Buildings and submitting definite proposals as to the allotment of space in the building as a whole.

2. Report of the Committee dated the 8th May 1915 (printed as appendix), submitting recommendations on the points referred to in the Government Order read above.

Order No. G. 2728-36—G. M. 103-14-15, dated 28th August 1915.

Government generally agree with the recommendations of the Committee and approve of the distribution proposed with certain alterations found necessary since the submission of the report.

2. Three plans showing the sanctioned allocation of space are appended to the order. The space required for the different officers and sections of the several offices concerned is shown in detail in the case of the ground and first floors and a statement is attached showing the area now occupied by, and that now allotted to, them.

3. The main features of the re-distribution now approved are :—

(1) Shifting the offices located in the Durbar Hall, so as to make it more useful for the purpose for which it was intended.

(2) Provision for a Committee room and a Visitors' room.

(3) Location of all the Secretariats in the same building.

(4) Providing accommodation for four additional offices* now located in rented buildings at a cost of Rs. 243 per mensem.

*1. Office of the Secretary to Government for Railways
2. Office of the Sanitary Engineer
3 Office of the Executive Engineer, Irrigation Division
4 Local Examination Office

4. The Heads of the offices concerned should arrange to give effect to the allocation early and submit for the approval of Government separate plans for each office, showing the detailed arrangement of rooms and exact allotment of space found necessary for the most convenient transaction of public business.

5. The Chief Engineer will, in consultation with the Head of each office, arrange for providing such small conveniences in adjusting rooms as may be deemed necessary, to give full effect to the proposals sanctioned.

No. G. 2728-36—G. M. 103-14-15, DATED 28TH AUGUST 1915.

REPORT OF THE COMMITTEE.

The Committee appointed by Government in Government Order No. G. 1299-1300, dated the 10th August 1914, to consider the needs for additional accommodation for the several offices now located therein and to submit proposals for the allotment of space in the Public Office Buildings as a whole, met and discussed the subject on 24th October 1914 and 23rd December 1914. Much preliminary work had to be done by the Secretary in collecting all necessary information, preparing plans, and statements to elucidate matters.

2. They submit the following recommendations for the consideration and orders of Government.

The total floor area in the Public Office Buildings available for the accommodation of offices is as follows:—

Area of the Chief Court New Wing	..	...	5,432 square feet.
Area of the Public Works Department New Wing		...	5,432 square feet.
Existing Building.			
Ground floor	... ...	24,144	
First floor	... ...	29,587	
Second floor	... ...	6,315	
			60,046 square feet.
	Grand Total	...	70,910 square feet.

3. The following are the offices now located in the Public Office Buildings:—

i The General and Revenue Secretariat.

ii The Comptroller's Office, including the Insurance Office.

iii The Chief Court.

iv The Office of the Chief Engineer and Secretary to Government, Public Works Department.

v The Stamp Depot.

vi The Office of the Muzrai Superintendent.

vii The Office of the Inam Superintendent.

viii The Office of the Military Secretary.

4. The following circumstances were taken into consideration in discussing the needs for the accommodation of each of the above offices.

i Number of officers and the accommodation required for each.

ii The strength of the establishment and the accommodation required for the same.

iii The area required for record rooms.

5. The following principles have been followed in definitely ascertaining the minimum area required for the accommodation of each office:—

i A row length of 4½ feet is allowed for every official.

ii Record rooms are allotted separately.

iii Record clerks have notbeen provided for separately, as they work in Record rooms.

iv An area of about 500 square feet has been allowed to Secretaries and 250 to other Gazetted Officers.

v The need for the extra room attached to the Council Chamber for the Dewan's use is also kept in view.

vi Separate rooms in the new wing are made available for the Judges of the Chief Court.

vii The main building (exclusive of wings) proposed for officials is taken to accommodate four rows in each floor.

viii The old wings and the new extension which are smaller in width are taken to accommodate only two rows in each floor.

ix Provision has been made for tiffin rooms and lavatories.

The actual area required for each of the offices has been generally fixed with reference to the foregoing principles, due allowances being made for ill-ventilated corners. The areas assigned are set forth in a separate statement appended hereto (Annexure I) the enclosures of which show the necessary details. It will be seen that the final proposals as shown under IV in this statement have been arrived at after a very careful consideration of the (i) area

No. G. 2728-36—G M. 103 14-15, DATED 28TH AUGUST 1915.

now occupied by each office, (ii) that proposed by the same, (iii) the area considered necessary by the application of the principles set forth in paragraph 5. A tracing (Annexure II) is also attached hereto which will show at a glance the portions allotted for each of the several offices.

6. The extra room attached to the Council Chamber for the Dewan's use referred to in paragraph 5 (v) may be found by utilising the present room of the Extraordinary Member with the following consequential changes. The present room of the First Member may be fitted up for the Extraordinary Member. The First Member may be given the rooms* now occupied by the Dewan's Office, suitably repaired and altered. The Dewan's Office may be shifted to the rooms† immediately on the northern side of the present room of the Second Member.

* 12, 13, 29 and 30 (Upper floor)
† 17, 18 and 33 (Upper floor)

7. The result of the proposed scheme is that the following three new offices can be accommodated in the Public Office Buildings including the two new wings.

1. The Railway Secretary's Office.
2. The Sanitary Engineer's Office
3. The Office of the Executive Engineer, Irrigation Division.

The space allowed for these offices is no doubtless than that available in the two new blocks; but this difference is due to the provision of the necessary extra space to some of the offices now cramped up in the existing building. The above three offices have now been paying a rent of Rs. 243 per mensem as per details noted in the margin. This amount will be saved by the present proposal which has also the advantage of bringing all the Secretariats into one place.

	Rs.
Office of the Railway Secretary ..	85
Do Sanitary Engineer	45
Do Executive Engineer, Irrigation Division .	113

9. It is proposed to have two tiffin rooms in the corridors connecting the new wings with the old building, the portions noted in the tracings being suitably enclosed.

10. Rooms Nos. 8 and 9 in the ground floor have not been finally allotted but may be given to the Comptroller's office, if necessary, and not required for other purposes.

Note.—If the First Member prefers, the present rooms (50 and 51—Upper floor) of the Chief Engineer and the Deputy Chief Engineer can be made available. But they will be far away from the Council Hall

Correspondence ending with letter No 13575-601, dated 9th February 1915, from the Inspector-General of Education in Mysore, on the subject of revising the grants to Hostels attached to Colleges, High Schools and Normal Schools in the State.

No. 524-5—Edn. 33-14-89, dated 3rd August 1915.

Education and Educational Institutions having expanded considerably during the recent years, the Inspector-General of Education has proposed a general revision of grants to Students' Homes in the State. The proposal which involves a total monthly expenditure of Rs. 1,085, or Rs. 303 in excess of the present grant per mensem is sanctioned. The extra cost for the current year will be met by re-appropriation of sanctioned grants.

2. A list of Hostels showing the grants as revised is printed as an annexure.

RULES.

1. Commercial classes for the Advanced Grade are started in the following subjects :—
   (*a*) Short-hand
   (*b*) Typewriting.
   (*c*) Book-keeping, Auditing and Commercial Law and Practice.
   (*d*) Correspondence and Precis-writing including the working knowledge of two Vernacular Languages.
   (*e*) Political Economy, Banking and Elements of Statistics.

2. Syllabuses in the above subjects will be drawn up and circulated among the members of the Committee.

3. Candidates of the Advanced Grade in any subject who have not already passed the Intermediate Arts Examination of a University will be required to answer a paper in English of the standard of the English paper in the Madras University Intermediate Arts Examination to test their general knowledge.

4. Candidates for Advanced Short-hand or Typewriting will be required to pass previously at least the Elementary Examination in the other subject.

5. The rate of fees for Advanced Classes will be Rs. 2 per mensem for Typewriting and Re. 1 for each of the other subjects.

6. Arrangements will be made for written lectures which will be drawn up according to prescribed syllabuses for the benefit of advanced students.

7. A diploma will be granted to such of the candidates who pass in three subjects of the Advanced Grade.

8. A list of text-books and alternative text-books for the several subjects and the several grades will be drawn up and submitted.

9. Students who have put in requisite attendance and received satisfactory training in any year will be allowed to appear for the examination within the next three years whether they have already sat for the examination or not.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Memo No. 16962-3—757, dated the 14th April 1915, from the Inspector-General of Education in Mysore, submitting the budget estimates of the Village School Fund for 1915-16 together with an explanatory memo.

MEMORANDUM ACCOMPANYING THE VILLAGE SCHOOL FUND BUDGET FOR THE YEAR 1915-16.

RECEIPTS.

The estimate of receipts for 1915-16 shows an increase of Rs. 25,500 over that sanctioned for the current official year. The increase occurs under three heads, *viz.*, Examination fees, contribution towards the construction of school buildings and contribution from State Funds as a grant-in-aid. In regard to Examination fees, the estimate has been based on the average income under this head during the past three years, 1911-12, 1912-13 and 1913-14. In the case of contribution towards school buildings, the people have paid during the current year Rs. 8,397, and a sum of Rs. 5,000 has been approximately entered for 1915-16 under this head. The increase under contribution from State Revenues has been raised by Rs. 21,000 and the difference is due to the following variations:—

(1)	Rs. 15,000	omitted in the printed budget of the current year under contributions from State Funds but included for 1915-16.
(2)	Rs. 6,000	grant sanctioned for Vernacular scholarships included in the current year's printed budget on the expenditure side but not on the receipts side.
	Rs. 21,000	

The receipts from other sources remain unaltered.

EXPENDITURE.

The estimated expenditure for 1915-16 amounts to Rs. 5,09,949 and it is more than that sanctioned in the budget of 1914-15 by Rs. 60,972. The increase is due to the following alterations:—

I. Instruction, General.—A sum of Rs. 61,212 entered over and above the budget allotment of the current official year is made up of the following items:—

Increase.

(1) Rs. 61,152 due to the revision of the scale of pay of masters as per Government Order No. 1307-9—Edn. 82-12-6, dated 13th November 1914. As the allocation of masters in the revised grades has not yet been settled, the minimum pay has been calculated for the purpose of the budget in regard to progressive appointments.

(2) Rs. 26,532 due to the allocation under the appropriate heads of teachers, local allowances, music allowances, servants, rents and contingencies sanctioned in Government Order No. 7718-9—Edn. 223-13-2, dated 9th February 1914, as per details furnished in the accompanying estimates.

Decrease.

Rs. 26,472 due to the omission of the lump sum entered in the current year's budget as the same has been distributed under the proper heads concerned.

No. 658-9—Edn. 162-14-2, dated 9th August 1915.

II. Grants-in-aid.—The provision for the Demonstrator for Magic Lantern Exhibitor has been omitted, as this appointment has been provided for in the Training College, Mysore, from State Funds and on the conversion of the Mysore Normal School into a Training College as per Government Order No 12-13—Edn. 358-13-2, *dated 1st July 1914.*

III. Scholarships —There is no alteration under this head.

IV. General.—The provision of Rs. 50,000 for buildings is repeated in accordance with Government Order No. 3696-7—Edn. 20-14-11, dated 3rd April 1915

V. Local Examinations.—There is no alteration under this head.

Summary.—The budget estimates provide for receipts amounting to Rs 1,09,966 and expenditure amounting to Rs. 5,09,949, thus shewing an excess of expenditure over receipts by Rs. 99,983. This excess may as usual be met from the cash and funded balance at the credit of the Village School Fund, or a corresponding amount may be given as a grant from State Funds.

Order No. 658-9—Edn. 163-14-2, dated 9th August 1915.

The Inspector-General of Education estimates the receipts and expenditure of the Village School Fund for 1915-16 as shown below:—

	Sanctioned estimates for 1914-15	Proposed estimates for 1915-16	Difference
Receipts	3,84,466	4,09,966	25,500
Expenditure ...	4,48,977	5,09,949	60,972

2. The increase under receipts is attributed to the increase expected under examination fees, contributions towards the construction of school buildings and grants from State Funds. The estimated expenditure provides for the ordinary and sanctioned charges and the variations are explained in the memo read above

3. In Government Order No. 4769-70—Edn. 84-14-1, dated the 10th May 1915, sanctioning the opening of new schools and the improvement of existing ones and amount of Rs. 52,489 has been ordered to be paid as a State grant to the Village School Fund budget for opening 116 new Village Elementary School and improving some of the existing institutions. This amount has therefore to be included on both the receipts and expenditure sides of the Village School Fund budget. The sum of one lakh sanctioned, out of State Funds in Government Order No. 3696-7—Edn. 20-14-11, dated the 3rd April 1915, for village school buildings has also to be similarly added. The sum of Rs. 15,000 claimed by the Inspector-General as contibution from State Funds to the Village School Fund on the ground that it was promised in previous years, but not actually paid is disallowed as there is no authority in support of the contention.

4. The contribution from State Funds during 1915-16 will therefore be Rs. 2,75,748 as noted below:—

1.	For loss of income from fees	Rs.	7,968
2.	For promotion to teachers	„	48,636
3.	Moiety of the cost of the Pandits' Examination ..	„	379
4.	For new Village Elementary Schools already opened and for improvements to existing schools already affected	„	60,976 (52,489)
5.	For Vernacular scholarships	„	6,000
6.	Contribution from State Funds for Village School buildings	„	1,00,000
	Total ...	Rs.	2,75,748

5. An amount of Rs. 1,324 has also to be added to the estimated receipts on account of the opening balance for the year 1915-16.

No. 658-9—Edn. 163-14-2, dated 9th August 1915.

6. As the allocation of the school-masters in the revised grades sanctioned in Government Order No. 1307-9—Edn. 82-12-6, dated the 13th November 1914, has not yet been settled, the amount required on account of the pay of these school-masters according to the Comptroller's registers, *viz.*, Rs. 3,49,578, will be provided in the budget; and a lump sum provision of Rs. 66,000 will be made for the additional expenditure that may have to be incurred in giving effect to the allocation. An additional grant of Rs. 3,000 will be provided towards the cost of stationery to be supplied to the Village Primary Schools.

7. With these remarks the budget estimates of the Village School Fund for 1915-16, are passed providing for an income of Rs. 5,48,779 and an expenditure of Rs. 6,65,017. The excess of expenditure over the receipts amounting to Rs. 1,16,238, will be met from the invested balance at the credit of the Village School Fund.

The details of the estimates are given in the accompanying statement an abstract whereof is given below:—

No.	Items	Sanctioned estimates for 1914-15	Sanctioned estimates for 1915-16
	Receipts.	Rs.	Rs.
1	Opening balance	...	1,324
2	Allotment from local cess	2,40,000	2,40,000

No. 824-5—Edn. 84-14-10, dated 19th August 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. 34-44—Edn. 374-13-2, dated 2nd July 1914, indicating the general lines on which the development of primary education in the State should be organized during the next three years.

2. Letter No. 17841—820, dated 30th April 1915, from the Inspector-General of Education in Mysore, requesting that a provision of Rs. 1,58,400 in the State budget and a provision of Rs. 10,000 in the Village School Fund budget may be made for the year 1915-16 for the objects indicated in the Government Order read above.

Order No. 824-5—Edn. 84-14-10, dated 19th August 1915.

The Inspector-General states that the provision proposed in the State budget is required for the following purposes :—

			Rs
For opening	1,000 aided primary schools at Rs. 84 each	...	84,000
Do	300 Government Schools at Rs. 200 each	...	60,000
Do	100 additional Adult Schools at Rs. 144 each	...	14,400
	Total	...	1,58,400

These items are sanctioned and the necessary provision has been made in the State budget for 1915-16.

2. As regards the Village School Fund budget the additional provision of Rs. 6,000 proposed over and above the existing provision of Rs. 4,000 is stated to be necessary as under the new scheme sanctioned in Government Order No. 4146-7—Edn. 32-14-8, dated 17th April 1915, wherein a monthly grant of Rs. 3 has been substituted for a system of annual grants, a larger number of these schools is likely to be brought under control. Government are, however, of opinion that a sum of Rs. 8,000 may suffice for the present and are accordingly pleased to direct that the charge be met from the sum of Rs. 4,000 provided in the Village School Fund budget of 1915-16, and the balance of Rs. 4,000 out of the lumpsum of Rs. 8,000 provided in the State budget for improving indigenous schools during 1915-16.

3. In the selection of villages for locating schools the following principles should be observed :—

The villages should as far as possible be taken in the order of their population but when the choice is between a larger village having a school already and a smaller one with no school, the latter should be given the preference. Similarly as between villages claiming aided schools special preference should be given to villages which form the centre of a group of small villages situated within a distance of 5 or 6 furlongs, or have other features calling for favourable treatment.

Ordinarily no school will be started unless the people come forward with a guarantee that at least 25 children will be enrolled for instructing, that the daily attendance will not fall below 15, that a decent school house, and a residence for the school-master free or at a reasonable low rent will be provided and that the villagers will contribute at least about five rupees a month towards his pay either in kind or cash.

Gifts of school houses and endowments for educational purposes will be specially welcome but the department will not bind itself to provide teachers unless the other conditions are also satisfied.

No. 824-5—Edn. 84-14-10, dated 19th August 1915.

The location of the Government schools will be regulated by considerations of population, the special importance of any particular village and any exceptional circumstances that diminish the capacity of a particular locality from offering the contribution necessary for an aided school. As a rule Government schools should be reserved for the education of girls and of the specially backward classes, *e.g.*, Lambanis and Panchamas, and for tracts requiring special treatment like the interior of the malnad.

A number of the more successful aided schools will also be converted into Government schools annually and provided with Government buildings when necessary. Ordinarily no aided school will be so converted or provided with a Government building unless it had been working satisfactorily for at least seven years previously. In the case of the other schools which have started work, the provisions of the Grant-in-aid Code will be applied.

4. As an inducement for the masters of aided schools to work enthusiastically and to maintain their schools in a high standard of efficiency, the Department will, as a rule, prefer successful masters of aided schools to new applicants while filling up posts in Government schools, and also entertain the existing masters in Government service if adequately qualified whenever an aided school is taken under Government management.

Certificates for work done in connection with the Economic Development of the Country.

No. 958-68—A. & I. 26-15-2, DATED 27TH AUGUST 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. 958-68—A. & I. 26-15-2, dated 27th August 1915.

The Government of His Highness the Maharaja consider it necessary that useful work done by public spirited gentlemen in connection with the economic development of the country should receive public recognition and have accordingly decided to award certificates to such gentlemen, in the accompanying form, under the signature of the Dewan or of the Deputy Commissioners according to the nature and value of the work done in each case.

2. The Deputy Commissioners and the Secretary to the Economic Conference are requested to send up to Government before the end of May every year a list of gentlemen to whom such certificates may be awarded, together with a brief statement of work done in each case.

3. Lists of gentlemen to whom certificates are to be awarded for the year 1914-15 are appended hereto. The Deputy Commissioners are requested to take steps to distribute the certificates at a public meeting or on other suitable occasion.

4. The Superintendent of the Government Press is requested to print and keep in stock 1,000 copies of the forms of certificate in English and Kannada on thick paper with artistic border lines and furnish copies to the Deputy Commissioners and the Secretary to Government, Departments of Education and Agriculture on indent.

P. G. D'SOUZA,
Offg. Secy. to Govt., Depts. of Edn. & Agri.

Enhanced Grant to Anathalaya at Mysore

No. 380-4—Muz. 307-13-4, dated 2nd August 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

REVENUE DEPARTMENT.

Read—

Government Order No. Fl. 4400-1—G. F. 264-04-2, dated the 16th January 1905, sanctioning a grant-in-aid of Rs. 50 per month to the Anathalaya at Mysore.

Applications dated the 23rd December 1913 and 1st May 1915, respectively, from the members of the Managing Committee and the Honorary Secretary of the Anathalaya representing that the number of inmates in the institution has more than doubled and that the cost of feeding, clothing and educating this large number has increased considerably and praying that the present grant of Rs. 50 may be increased to Rs. 150.

Order No. 380-4—Muz. 307-13-4, dated 2nd August 1915.

The existing grant of Rs. 50 a month was fixed ten years ago, when the number of orphans on the roll of the Anathalaya was only 17. Since then the orphanage has extended its usefulness, there being as many as 50 inmates on its roll, 10 of whom, however, being maintained from the endowment of the late Mirle Krishnappa. The remaining 40 orphans are being mintained by the funds of the Anathalay and it is represented that owing to high prices much financial strain is felt by the management.

2. The institution is fortunate in securing for its management, the services of philanthropic and public spirited gentlemen of standing and local influence, to whose continued effort alone is due the extended usefulness and flourishing condition of the institution. Government consider that the existing grant of Rs. 50 is not adequate to its needs and are pleased to enhance it to Rs. 100 per month, the charge being met from the State revenues as before. This enhanced grant will be in force for a term of five years and will take effect from the 1st of July 1915. Government, however, reserve to themselves the right to lessen the grant if there should be any substantial decrease in the number of orphans maintained in the orphanage. The amount will be payable in the Mysore District Treasury on bills presented by the Honorary Secretary of the Institution, duly countersigned by the Deputy Commissioner, Mysore District.

3. Arrangements should be made by the Managing Committee to the satisfaction of the Inspector-General of Education to give the orphans a vocational training, so as to enable them to earn a livelihood after they leave the orphanage.

4. Accounts of the expenditure of the Government grant should be properly maintained and a brief annual report furnished to Government about the work of the orphanage.

Scale of Expenditure.

No. 556-8—Muz. 64-15-2, dated 19th August 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Correspondence ending with letter No. 20—S., dated 14th July 1915, from the Deputy Commissioner, Hassan District, submitting for sanction a revised scale of expenditure in the Sri Hoyasalesvaraswami temple at Halebid in the Belur Taluk.

Order No. 556-8—Muz. 64-15-2, dated 19th August 1915.

The Sri Hoyasalesvaraswami temple at Halebid, Belur Taluk, is Muzrai institution enjoying a cash grant of Rs. 174 a year, out of this amount a sum of Rs. 96 is being saved on account of the pay of two watchmen originally borne on the temple establishment but since transferred to Public Works Department. The Deputy Commissioner now proposes a revision of the scale of expenditure to suit the altered conditions. The new scale recommended by the Deputy Commissioner and shown below is found suitable and is accordingly sanctioned.

	Rs.
Pay of archak ...	5
Pay of paricharak ...	2
Paditara and Deeparadhane ...	5
Mantrapushpa ...	1
Total ...	13 = 156 per year

Hetchukatle.

No. 531-46—Muz. 69-09-4, dated 19th August 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Proceedings No. C. 42-5, dated 15th March 1895, passing orders on the claims of the Sri Parakala Matha to Agra Tirtha and other honours in certain Vishnu temples in the State.

2. Memorial, dated 11th June 1895, from the Agent of the Sri Parakala Matha, praying for a review of the above orders.

3. Memorial Registered No. 20—372, dated 6th October 1902, from the same, praying for early disposal of his review memorial.

4. Government Proceedings No. 1857-60—Muz. F. 67-93, dated 14th March 1903, appointing a Special Committee to thoroughly examine all available evidence and submit definite proposals as to what should be done in the matter.

5. Government Proceedings No. E-I, dated 17th October 1904, ordering certain alterations in the personnel of the Committee.

6. Government Proceedings No. 553-7—Muz. F. 78-08-5, dated 8th January 1909 ordering certain further alterations in the personnel of the Committee.

7. Petition Registered No. 2971, dated 18th January 1908, from A. Anandalwar and other disciples of the Sri Yatiraja Matha at Melkote, urging that Agra Maryades in the Sri Narayanaswami temple at Melkote should be shown to the Yetirajaswami in perference to the Sri Parakala Matt's gumasta.

8. Government Proceedings No. 5823-6, dated 29th June 1908, referring the above petition to the Special Committee for consideration along with the other cases before it.

9. Memorial Registered No. 134—91, dated 13th July 1909, from Embar Krishnamacharya to His Highness the Maharaja urging his claim to Agra Tirtha in the temple at Malur in preference to the members of the Anandam Pillai family.

10. Government Proceedings No. 704—Muz. F. 69-09-2, dated 6th September 1909, referring the memorial to the Special Committee for investigation, and

11. Letter No. A, dated 31st March 1910, from the Special Committee, submitting a report on the matters referred to it for investigation.

No. 531-46—Muz. 69-09-4, dated 19th August 1915.

Under a Nirup purporting to have been issued by His Highness the late Sri Krishnaraja Wadeyar Bahadur, III, on Monday the 13th day of Vaisakha Bahula of Prajotpatti corresponding to 20th May 1811, the Sri Parakala Matha claims Agra Tirtha to its gumasta in all Vishnu temples in the State in preference to all other devotees, be they Mathadipaties or others.

2. This right in the marginally noted temples having been disputed by the local Acharyapurushas, the matter came up before Government, who in the first of the orders read above held that the Nirups produced by the Acharyapurushas were genuine, that the Nirup of 1811, relied upon by the Matha could only be enforced in those particular Vishnu temples where it had been enforced without interruption and without question during a period sufficient to give the Matha or its representatives a prescriptive right to the privileges in question and not where such enjoyment was wanting and that the Nirup itself had been modified by another issued in 1819. They accordingly decided all the cases unfavourably to the Matha.

1. Sri Apprameyaswami temple at Malur.
2. Sri Ramadevaru temple at Kadaba and the temple at Sampige in the Gubbi Taluk.
3. Sri Lakshminarasimhaswami temple at Bellattur.
4. Sri Venkataramanaswami temple at Malekal-Tirupati and Sri Kesavaswami temple at Banavar.

3. The Matha in a lengthy memorial presented by its agent, dated 11th June 1895, has prayed for a review of this order so far as it relates to the Malur. Kadaba

and Malekal-Tirupati cases. It is urged that this Government Order is based upon an inadequate enquiry, and that the Matha was not given an opportunity to place before Government all the facts relating to the cases and the evidence in its favour. It is further urged that the sannads produced by the Acharyapurushas in the Malur and Kadaba cases are not genuine and that it is contrary to Sastras to give Agra Tirtha to a Smartha in Vishnu temples.

4. The Matha having repeatedly pressed its prayer for a review, the Government with a view to arrive at a satisfactory settlement of this long standing complaint appointed a Committee (1) to take all the evidence in the case fully, (ii) to find as a matter of fact, after hearing the parties concerned, what are the genuine orders which have issued from time to time and the actual practice which has been in vogue, whether in accordance with or contrary to those orders and (iii) to submit carefully considered suggestions as to what may be done in the future.

5. The Sri Yatirajaswami at Melkote through some of his disciples urged his right to Agra Tirtha for himself in the Melkote temple in preference to the Parakala Matt's gumasta and this claim was also referred to the Committee for enquiry. Similarly, the memorial of Embar Krishnamacharya for Agra Tirtha in the Sri Appramcyaswami temple at Malur, was also referred to the Committee who were asked to report, in the event of the memorialist not being found entitled to Agra Tirtha, whether he or the Anandam Pillai family were entitled to the next Tirtha.

6. From time to time the personnel of the Committee had for various reasons to be modified. The Committee finally consisting of Rao Bahadur Rajakarya Pravina Mr. A. Rangasamy Iyengar, B.A., B.L., as President and Rao Bahadur Rajakarya Prasakta Mr. D. Shama Rao and Mr. H. Ramaiya as members, have after fully enquiring into the cases submitted an exhaustive report.

7. The Committee look upon the case relating to the claim of the Swami of the Sri Yatiraja Matha as the most important on the ground that the issues raised therein are important and comprehensive and the findings thereon will throw much light on the points at issue in the other cases and materially affect the disposal thereof. The President (the other members not being able to join him) paid a visit to Melkote with the Muzrai Superintendent, with a view to make a personal inspection of the Yatiraja Matha, and the inscription on the temple walls and also to examine the temple accounts and see if they furnished any information about matters connected with this dispute. The Committee have also taken care to have the Swami represented before them though the petition purports to be from only a few disciples of the Matha.

8. As regards this claim, the Committee hold that the genuineness of the three important documents relied upon by the Swami of the Sri Yatiraja Matha, *viz.*, Niyamanappadi, Nirup of Vijaya (corresponding to 1653 A. D.) purporting to have been issued by His Highness Kantirava Narasaraja Wadeyar and Nirup of Khara (1831) purporting to have been issued by His Highness Sri Krishnaraj Wadeyar Bahadur, III, have not been proved, that there is no reliable evidence that the Nirup of Prajotpatti (1811) upon which the claim of Sri Parakala Matha is based, was ever modified by any subsequent Sannad or order, or that the practice of giving Agra Tirtha to a Grihastha-Gumasta of the Sri Parakala Matha in preference to a Yati or Acharyapurusha is inconsistent with the usages prevailing in important temples in Southern India or Mysore, and that the Swami of the Sri Yatiraja Matha has not made out a right to be served with Agra Tirtha honours before the gumastas of the Sri Parakala Matha in the Melkote temple.

Government agree in these findings.

9. The case next in importance is the Malur case which in 1895 was decided by Government in favour of the Acharyapurushas, Anandam Pillai Apprameyangar and Veerambudhi Srinivasiengar. The right of these to Agra Tirtha is not only denied by the Sri Parakala Matha but also by Embar Krishnamacharya, another Acharyapurusha, who claims precedence with respect to these Acharyapurushas while he has no serious objection to accept Tirtha after the Matt gumasta. The Parakala Matha, Anandam Pillai, Apprameyangar and Embar Krishnamacharya appeared before the Committee to support their cases but the Veerambudhi family was unrepresented.

10. In this case the Committee have considered the following among other questions:—

(1) (*a*) Whether the Nirup of 1811 relied upon by the Sri Parakala Matha is genuine, (*b*) what is the construction to be put upon it and (*c*) whether it should be enforced absolutely in all the Vishnu temples in the State.

(2) Are the Special Sannad of 1819 purporting to confer Agra Tirtha in the Malur temple on the Anandam Pillai and Veerambudhi families and the General Sannad of the same year purporting to modify the Sannad of 1811 relied upon by Anandam Pillai Apprameyangar genuine, and how do they modify the Sannad of 1811?

(3) Whether the Sri Parakala Matha enjoyed Agra Tirtha honours prior to 1864 when the dispute first commenced and how long?

(4) Whether the Anandam Pillai or Embar family enjoyed Agra Tirtha honours and, if so, for what periods?

(5) Are the Embars entitled to precedence over the Anandam Pillai's?

(6) What are the objections to gumastas receiving Agra Tirtha honours?

11. The Committee are unanimous in their findings on questions 2 to 5 noted above.

These findings are:—

(2) that the General and Special Sannads of 1819 are fabrications and that the Sannad of 1811 has not been modified by any subsequent Sannad, (3 and 4) that after the issue of the Nirup of 1811 the Matha had gumastas for receiving Agra Tirtha, that it must be presumed to have so received the honours for many years until 10 or 15 years prior to 1864 when the Embars appear to have commenced to receive the said honours and that in 1864 the Matt's claim was again revived and admitted for some years until about 1872 or so, when on the complaint of Anandam Pillai's and Veerambudhi Srinivasiengar the right was objected to, (5) that the Embar family have been enjoying precedence over the Anandam Pillai family.

Government accept these findings.

12. As regards the first and the last questions, there is a difference of opinion among the members of the Committee. The majority consisting of Messrs. A. Rangaswami Iyengar and D. Shama Rao hold on the former,

(*a*) that the Sannad of 1811 is genuine,

(*b*) that it is not personal to Sri Ghantavatara Parakalaswami but also applies to the successors in the Matha and to gumastas appointed by them, and

(*c*) that the Matha can succeed only in cases where it is able to prove enjoyment in pursuance of the Sannad.

13. In connection with the last and the most important question of the series, the majority are of opinion that the Tirtha honours were generally granted by Rajas who built or endowed temples within their territories or were acquired by persons of great merit or influence and transmitted by *mamul* to their descendants, that the Hakdars enjoyed such honours either in person or by members of their family or gumastas, and that even Yatis or Grihastas of exceptional merit were not allowed to have precedence over them and that if the former did not like to receive Tirtha and other honours after the Hakdars in the Gosti at the time of Sattumurai they had to visit the temples at other times.

14. They add that these honours are generally paid only after Sattumurai at the time of the daily worship of the idol or on occasions of festivals or when the idols are taken to places in *Mantapadi* or *Cherup*, that the idea is that the God is served first and then by his command the Acharyapurushas or persons entitled to special honours are called by *Arulappadu* and presented with the Tirtha and other Prasada of the God, that this cannot apply to the chance visitors of the temple and that the payment of these honours to individuals by reason of a right or mamul

cannot amount to any disrespect to others although of higher standing who could come at other times and receive special honours to which their status may entitle them.

15. Mr. Ramaiya, on the other hand, is of opinion that the document of 1811 is only a Rahadari showing the desire of His Highness the late Maharaja Krishnaraja Wadeyar Bahadur, III, to honour the person of his Guru, that it does not contemplate the appointment of permanent gumastas or the permanent deprivation of Yatis, Mathadipaties or others, of the honour due to their rank and position and their Asrama, that the document was intended to be used only on the occasions of the Sri Parakala Swami's tour with a view to the Matt Agent or blood relation of the Swami being given precedence over the local Sri Vaishnavas.

16. Mr. Ramaiya further adds that by virtue of renunciation and self-sacrifice in the service of humanity, a Yati, according to Hindu Dharma, is entitled to greater consideration both from Rulers and the general public than a Grihastha, however learned and high he may be, that though the Raja Guru, even when he happens to be a junior Yati, is personally entitled to first Tirtha it is not fair to give first Tirtha to the Raja Guru's gumasta, an ordinary Grihasta, when a Yati or Mathadipati is present, and that, as honours are intended to be shown in public assemblies, it would be an insult to require Yatis or Mathadipaties to keep away from Sattumurai and appear later on and receive honours.

17. The Government of His Highness the Maharaja have given their most anxious consideration to the arguments advanced in support of these divergent views and are pleased to accept the recommendations of the majority of the Committee which are also in accordance with the practice prevailing in most of the important Sri Vaishnava temples in the Madras Presidency.

18. In the Kadaba temple case, Kadambi Garudachar who in 1894 disputed the Sri Parakala Matha's right is now dead. His brother's son Venkatanarasimhachar appeared before the Committee and opposed the Matt's claim. The finding of the Committee is that the genuineness of the Sannad of 1829 produced by the Kadambi family is doubtful, that the Kadambi family were for a long period not in enjoyment of Agra Tirtha, that it is very unlikely Garudachar would have got the honours in 1881 if he had not put forward the Srimukha of the Matha, and that there is no satisfactory evidence about the enjoyment of the honours by the Sri Parakala Matt gumasta prior to 1881 when in accordance with his Vignapana Patrika to the Matha and the Srimukha of the Matha to him, Garudachar became the gumasta of the Matha.

19. Considering the peculiar circumstances of this case, the Committee suggest a compromise to the effect that the Agra Tirtha honours in temples of Kadaba and Sampige (which follows the usage in the former temple) shall vest in the Sri Parakala Matha, to be paid to second counter-petitioner and his descendants as the Agent of the Matha in accordance with the terms stipulated in the deceased Garudachar's Vignapana Patrika and the Srimukha issued by the Matha. The suggestion is suitable and is accepted by Government.

20. In the temples referred to above, the dispute was between the Sri Parakala Matha on one side and the Sri Yatiraja Matha or Sri Vaishnava Acharyapurushas on the other. In the Malekal-Tirupati case (the usage in which is also followed in the Kesava Devaru temple at Banavar) the parties opposing the Matha are Smarthas.

21. As regards this case, the Committee are of opinion that there is neither oral nor documentary evidence to show that the Matha had any gumasta in the temples or that the Sannad of 1811 had been brought into force there; and recommend that in accordance with the principle that the privilege under the Sannad of 1811 should not be brought into operation newly, the claim of the Matha should be disallowed.

22. Government agree in this view of the Committee. To the extent indicated in paras 11, 17 and 19 above, the order of Government conveyed in paras 3 and 4 of Government Proceedings No. C. 42-5, dated 15th March 1895, is modified and it is ordered (1) that in the Malur and Melkote temples the Sri Parakala Matha gumasta should have Agra Tirtha in preference to all others, (2) that in the

No. 531-46—Muz. 69-09-4, dated 19th August 1915.

Kadaba and Sampige temples Kadambi Venkatanarasimhachar and his family are to be hereditary gumastas of the Sri Parakala Matha and to receive the Agra Tirtha, (3) that in the Malekal-Tirupati and Banavar temples the Ayyanavaru family should continue to get Agra Tirtha, the Matha having no claim to the same and (4) that the order of precedence for Tirtha honours in Malur after the Matha is settled, should be Embars, Anandam Pillai and Nallanchakravarti simultaneously and Virambudhi last.

23. In submitting suggestions for future guidance the majority of the Committee have touched upon the origin and nature of these Tirtha honours, the occasions when they are granted and the practice regulating the observance with reference to distinguished visitors. They are of opinion that the practice is well established and does not call for a change. The majority are further of opinion that the system of employing gumastas is widely recognised and is not against the genius of Hindu usages and that it is not desirable to meddle with it. But in order that the system may not be abused unduly, the person appointed should be of a good family with some knowledge of Veda and Prabandha and that he should not be of bad character. It is recommended that the complaints on this behalf should be cognizable by the Muzrai Officer whose orders as to the fitness of the gumastas should be considered as final and that in order that the Hakdars may not be inconvenienced by the strict enforcement of the rule owing to difficulty in finding suitable men, the Tirtha honours may be kept in abeyance without being liable to become barred by limitation. These recommendations are well considered and the Government are pleased to accept them.

24. Having dealt with the several matters in dispute, Government desire to record their appreciation of the arduous services of the President and Members of the Committee and to convey their thanks to the President, Rao Bahadur Rajakarya Pravina Mr. A. Rangasamy Iyengar, and to the members Messrs. Rao Bahadur Rajakarya Prasakta D. Shama Rao and H. Ramaiya. The hearing of the cases has not only taken much time but much labour must have been involved in scrutinising the mass of Kannada records and exhibits. Much of this work fell on Rao Bahadur Rajakarya Pravina Mr. A. Rangasamy Iyengar, the President, who has spared no pains to find out the truth.

25. Government are also pleased to sanction as recommended by the Committee the grant of bonuses, as shewn in the margin to the clerks who are reported to have worked hard out of office hours in connection with these cases.

Public Works Workshop at Bangalore.

No. 1607-16—P. W. 8331-40, DATED 21ST AUGUST 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

PUBLIC WORKS DEPARTMENT.

READ—

The following note No. D. 124, dated the 15th March 1915, by the Secretary to Government, Public Works Department, submitting a memorandum on the proposal to enlarge the Public Works Workshop at Bangalore :—

* * * *

"2. The Workshop is at present constituted as a Sub-Division under the management of the Executive Engineer, Water-Supply and Stores Division. On account of increased industrial activity in the State in several directions, it is desirable to widen the scope of operations of the shop. With this object, it is proposed to reconstitute it as a separate Range under the direct charge of the Superintending Engineer, Southern Circle, as the Executive Engineer does not find sufficient time to supervise the Workshop on account of the gradual increase of work in the Division. The General Stores will also be combined with the reconstituted Workshop, so that the Range Officer may look after both.

3. The articles that may be manufactured are mentioned in paragraph 5 of the Superintending Engineer's memorandum.* They are simple agricultural implements, simple pumps, looms, house fittings, pipe fittings, etc. In addition to the manufacture of these machinery, repair work will also be undertaken for other departments and also private individuals.

4. The enlarged Workshop will also afford practical instruction for the large number of students passed out every year from the Mechanical Engineering School. In fact, next July, the first batch of students from the school has to be admitted into the Workshop and it is very essential that as much of the Workshop as practicable will have to be finished before that time.

5. *Initial cost*:—This is estimated at Rs. 1,45,600, as under:—

	Rs.
Stores buildings	35,000
Workshop buildings	60,300
New machinery	50,300
Total ...	1,45,600
Deduct estimate already sanctioned	55,365
Balance to be sanctioned	90,235

The Stores buildings are practically completed. Designs for the Workshop buildings are also ready and will be submitted for sanction as soon as administrative sanction is accorded to these proposals.

6. *Recurring cost*:—The cost of establishment required for the new Workshop and Stores is estimated at Rs. 14,880, the present cost under this head being Rs. 4,640. Thus there will be an excess expenditure of Rs. 10,240 per annum.

7. In the beginning, the Workshop cannot be expected to be self-supporting, and Mr. Rangasawmy Iyengar estimates that a special grant of Rs. 10,000 per annum may have to be given to meet the anticipated loss.

8. For the post of Superintendent, Mr. B. C. Ketkar, who is now Mechanical Engineer in the Cauvery Reservoir Works and who has had varied experience in Workshops, may be appointed on probation for a year, as his services can be spared from the Cauvery Reservoir Works. But Mr. Rangasawmy Iyengar thinks that he would have one of our own young Sub-Assistant Engineers as a Range Officer, so that he may have opportunities of being trained in workshop practice.

9. The other establishment proposed by Mr. Rangasawmy Iyengar is all reasonable, including the Foreman on Rs. 200 who will be responsible for all the practical details of the Workshop operations.

* Not printed.

No. 1607-16--P. W. 8831-40, DATED 21ST AUGUST 1915.

10. I may add that, as it has been settled that the Railway Workshop should be located in Mysore, it has become very necessary to develop the Bangalore Workshop quite independent of the Railway Workshop, though the former is, for obvious reasons, proposed to be on a much smaller scale. There is, however, sufficient room for the Bangalore Workshop, as the Railway Workshop, being more or less a *departmental concern* worked on a purely commercial basis, cannot be expected to meet the miscellaneous demands of the several departments of the State including the Industrial Department, or to serve as an educational institution to train the students of the Mechanical Engineering School located in Bangalore.

11. I therefore solicit very early sanction to the following :—

(1) Incurring an extra initial cost of Rs. 90,235.

(2) Incurring an extra recurring cost of Rs. 10,240.

(3) A grant of Rs. 10,000 per year to meet possible commercial loss.

(4) The appointment of Mr. Ketkar on Rs. 350 as Superintendent on probation for one year.

(5) The appointment of a Foreman on Rs. 200 with other establishment, as shown in the accompanying statement."

Order No. 1607-16—P. W 8331-40, dated 21st August 1915.

The Workshop, which at present forms part of the Water-Supply and Stores Division, was started in the year 1897, as a small repair shop in connection with the Chamarajendra Water-Supply Works. The various schemes of water-supply since initiated, the repair of survey and mathematical instruments supplied to all the Public Works Divisions and other works of a miscellaneous character undertaken and executed by the Workshop have tended to widen its scope. It has outgrown its original proportions. The necessity, therefore, for separating it from the Water-Supply and Stores Division and constituting it into an independent unit and for enlarging its usefulness has been felt for some time. It is also desirable to promote and foster the industries that are being encouraged everywhere by the State by supplying them with trained Mechanics as well as to undertake the manufacture of simple agricultural implements, pumps, looms, etc.

2. Government are therefore convinced that a well-equipped central workshop is indispensable and are pleased to sanction the proposals formulated by the Public Works Secretary on this behalf, tentatively for a period of three years. The Workshop will be placed under the direct control of the Superintending Engineer, Southern Circle.

3. The Workshop buildings and the machinery required to be installed therein for the expansion of the shop are estimated to cost Rs. 90,235, as indicated in paragraph 5 of the note.

The recurring expenditure will amount to Rs. 10,248 per annum, as per statement attached.

4. The appointment of Mr. B. C. Ketkar, Mechanical Engineer, Cauvery Reservoir Works as Superintendent, on Rs. 350, together with the establishment proposed in the statement, is also sanctioned.

5. The functions of the Workshop will, for the present, be as indicated below:—

(1) To undertake the manufacture of simple agricultural implements, pumps, looms, house fittings, water supply fittings, etc.

(2) To train Mechanics, so that their services may be made available for industrial concerns.

(3) To afford facilities for proper workshop practice to the students to whom the State has undertaken to impart mechanical training.

(4) To execute repair works for other departments and also private individuals whenever practicable.

6. It is expected that the Workshop will not be self-supporting for some years. If, however, it is managed properly and economically, there is no reason why any loss should occur.

No. 1607-16—P. W. 8331-40, DATED 21ST AUGUST 1915.

7. The General Stores attached to the Water-Supply and Stores Division will be placed in charge of the Superintendent of the Public Works Workshop.

RAILWAY DEPARTMENT.

Read—

Government Order No. 3297-301—Ry F. 214-14-15, dated 17th May 1915, permitting the Public Works Officers transferred to the Railway Department to draw the pay to which they would be entitled from time to time in the Public Works Department irrespective of any allowance that may be sanctioned to them in the Railway Department up to 30th June 1916.

2. Letter No. 7635—R. C 2015, dated 16th—17th June 1915, from the Comptroller, Public Works and Railway Branch, requesting orders regarding the interpretation of the term "pay" used in the above order.

3. Note No. 655, dated 24th—26th June 1915, from the Secretary for Railways, explaining that the intention was that the Public Works Officers should have the benefit of acting and *sub pro tem* promotions in their own Department and soliciting orders to interpret the term "pay" used in the Government Order mentioned above as including any grade promotion, acting or *sub pro tem* and any other allowance that the officers may become eligible to in the Public Works Department.

Order No. 313-18—Ry. F. 214-15-16, dated 2nd August 1915.

In the circumstances explained above, Government are pleased to direct that Public Works Officers transferred to the Railway Department should get the benefit of acting or *sub pro tem* promotions in the Public Works Department while employed on Railway duty.

Establishment required for the Office of the Traffic Manager, Mysore State Railways.

No. 547-51—Ry. F. 65E-15-16, dated 26th August 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

RAILWAY DEPARTMENT.

Read—

Government Order No. 156-61—Ry. F. 49E-15-16, dated 16th July 1915, appointing Mr. B. Venkoba Rao, as Traffic Manager and Chief Store-keeper, Mysore State Railway Department.

2. Memo No. 453—Fl. 340, dated 29th July 1915, from the Agent, Mysore State Railways, requesting sanction to the scale of establishment, costing Rs 221 per mensem, required for the office of Traffic Manager, Mysore State Railways

3. Note No. 77, dated 4—5th August 1915, from the Secretary for Railways, stating that the pay proposed for the mutchi and three peons are high and that Rs 12 for a mutchi and Rs. 9, 8, 7, respectively, for three peons would be sufficient as the scale would then not exceed that allotted for other higher offices and recommending that with these alterations the scale of establishment, costing Rs 217 per mensem, may be sanctioned.

Order No. 547-51—Ry. F. 65E-15-16, dated 26th August 1915.

The scale of establishment required for the office of the Traffic Manager, Mysore State Railways, costing Rs. 175 per mensem, as detailed in the accompanying statement is sanctioned.

2. Government consider that the clerk on Rs. 25—2½—30, and the mutchi are unnecessary for the present. As work develops, additional clerks will be sanctioned and it is not usual to give mutchis to small offices.

3. The establishment should be treated as temporary and provision therefore made in the Revised Authorization Rolls of the Bangalore-Chikballapur and Bowringpet-Kolar Railways and the Tarikere-Yedahalli Tramway to be submitted to Government for sanction.

K. KHISHNA IYENGAR,
Offg. Secy. for Railways, Govt. of Mysore.

Survey of the Harbour at Bhatkal.

No. 570-75 Ry. F. 216-15-16, dated 27th August 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

RAILWAY DEPARTMENT.

Order No. 570-75—Ry. F. 216-15-16, dated 27th August 1915.

With the permission of the Government of Bombay, the Government of His Highness the Maharaja have arranged for a survey of the harbour at Bhatkal with a view to investigate the feasibility of developing it into a satisfactory port on the west coast for the benefit of the trade of Mysore. The Hon'ble Sir Francis Spring, K.C.I.E., C. S. I., Chairman, Madras Port Trust, has kindly agreed to undertake the investigation for about a fortnight in the early part of October next, on the terms and conditions, as detailed in the statement furnished to the Comptroller.

2. The expenditure on this account will be met from the provision made under "Surveys" in the Railway Budget for the current year.

3. A letter has separately been addressed to Sir Francis Spring regarding the work to be done by him.

4. The Engineer-in-Chief, State Railway Construction Department and the Deputy Commissioner, Shimoga District, are requested to afford all reasonable facilities to Sir Francis Spring and his party during the period they are engaged on this work.

K. KRISHNA IYENGAR,
Offg. Secy. to Govt., for Railways.

To—The Secretary to Government, General Department.
The Secretary to Government, Revenue Department.
The Secretary to Government, Public Works Department.
The Comptroller, Public Works and Railway Branch (through the Financial Department with a copy of the statement).
The Engineer-in-Chief, State Railway Construction Department.
The Deputy Commissioner, Shimoga District.

Exd.—C. B.

Allowance to all Executive Engineers employed in the State Railway Construction Department.

No. 617-22—Ry. F. 190-15-16, dated 31st August 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

RAILWAY DEPARTMENT.

Read—

Government Order No. 1565-69—Ry. F. 190-13-14, dated 25th May 1914, sanctioning the grant of an allowance of Rs. 100 per mensem to all Executive Engineers employed in the State Railway Construction Department.

Note No. 367, dated 18th January 1915, from the Secretary for Railways, stating that the Comptroller is of opinion that the allowance is inadmissible to an Executive Engineer who is not in charge of a Division, although no such distinction is contemplated in the above order, and soliciting a ruling in the matter.

Order No. 617-22—Ry. F. 190-15-16, dated 31st August 1915.

The question has been considered by Government and they are pleased to direct that the allowance of Rs. 100 per mensem sanctioned in the above order may be given to all Executive Engineers in the State Railway Construction Department whether in charge of a Division or not.

K. KRISHNA IYENGAR,
Offg. Secy. to Govt., for Railways.

To—The Secretary to Government, General Department.
The Secretary to Government, Revenue Department.
The Secretary to Government, Financial Department.
The Secretary to Government, Public Works Department.
The Comptroller, Public Works and Railway Branch (through the Financial Department).
The Engineer-in-Chief, State Railway Construction Department.

Exd.—C. R.

No. 611-16—Ry. F. 54-15-16, DATED 31ST AUGUST 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

RAILWAY DEPARTMENT.

READ—

Note No. 439, dated 4th March 1915, from the Secretary for Railways submitting for sanction the Budget Estimates for the year 1915-16.

2. Government Proceedings No. Fl. 777—G. F. 116-14-2, dated 13th August 1915 sanctioning the State Budget Estimates for the year 1915-16.

Order No. 611-16—Ry. F. 54-15-16, dated 31st August 1915.

Receipts.—The net receipts from the State Open Lines worked by the Madras and Southern Mahratta Railway Company are estimated by the Comptroller, Public Works and Railway Branch at Rs. 13,03,000. The net earnings of State and Subsidized Railways worked by Government are expected to amount to Rs. 44,000. The estimate of total receipts is thus Rs. 13,47,000.

Expenditure.—The total grant for expenditure is Rs. 46,02,350 and it is distributed as follows:—

	Rs.
I. Capital expenditure on Open Lines	4,00,000
II. Miscellaneous expenditure—	
(*a*) Guaranteed Interest payable to the Madras and Southern Mahratta Railway Company	7,20,000
(*b*) Saloon carriages	3,000
(*c*) Surveys	35,000
(*d*) Compensation for lands to be acquired for guaranteed Railways	40,000
(*e*) Rebate for the Bowringpet-Kolar Railway ...	7,000
(*f*) Guaranteed Interest payable to the Bangalore-Chikballapur Light Railway Company	20,000
(*g*) Reserve grant	5,000
III. Capital outlay on lines under construction and to be constructed—	
(*a*) State lines	20,10,000
(*b*) Aided lines	7,00,000
(*c*) Organization and equipment of Loco. and Carriage and Wagon Workshops	5,00,000
(*d*) Suspense Stores transactions	1,25,000
IV. General Charges (net)	37,350
Total ...	46,02,350

3. The above Budget Estimates for the year 1915-16 are hereby sanctioned. The detailed estimates will be printed and copies supplied to the Departments concerned.

K. KRISHNAIENGAR,
Offg. Secy. for Rys., Govt. of Mysore.

To—The Secretary to Government, General Department.
The Secretary to Government, Revenue Department.
The Secretary to Government, Financial Department.
The Comptroller of Mysore.
The Comptroller, Public Works and Railway Branch (through the Financial Department).
The Engineer-in-Chief, State Railway Construction Department.
